The Physician . . . and Modern Coffee

BEFORE Kaffee Hag Coffee was perfected, physicians had to face the problem of getting their neural patients to give up coffee. And this was no small task—for coffee was usually the favorite beverage of the patient and no substitute could take its place.

How different now! Today, there is a modern coffee that physicians can recommend, no matter how patently caffeine is contra-indicated. Kellogg's★ Kaffee Hag Coffee is delicious, pure coffee—free of the harmful effects of caffeine. Anyone can drink it without fear of coffee's proverbial drug.

Kaffee Hag Coffee is coffee of the finest quality—not a substitute. Several of the world's choicest strains of coffees are blended to produce it. Mellow, full-strength, cheery. The blend is so satisfying many coffee lovers have adopted it for its superior flavor alone.

We would like you to try this modern coffee. The original decaffeinated coffee. Most dealers carry it. Sealed cans. Steel cut or in the bean. To introduce it to you personally, we will be glad to send a test can. Simply mail the coupon below. It involves no obligation.

Not a substitute—REAL COFFEE—*that lets you sleep*

MEDICAL PRACTICE ACT OF MINNESOTA

General Statutes of Minnesota, 1923, Chapter 35; as amended Laws of 1927, Chapters 149 and 188.

Section 5706. BOARD OF MEDICAL EXAMINERS; OFFICERS; RECORDS: There shall be created a State Board of Medical Examiners which shall consist of seven qualified resident physicians appointed by the Governor, within 60 days after this act shall take effect, in the manner hereinafter prescribed. The terms of office of the members first appointed shall begin when they are appointed and qualify and shall continue thereafter for the following periods: One member until May 1, 1928; one member until May 1, 1929; one member until May 1, 1930; one member until May 1, 1931; one member until May 1, 1932; one member until May 1, 1933; and one member until May 1, 1934. Upon the expiration of such terms respectively, the Governor shall appoint a successor to the member whose term expires for a term of seven years and until his successor shall have qualified. For each of the above terms of the first board to be appointed hereunder, the Council of the Minnesota State Medical Association shall recommend to the Governor three physicians qualified to serve on said Board and the Governor may make the appointment for each term from the list of persons so recommended. Each year thereafter said Council of the Minnesota State Medical Association, at least 30 days prior to the expiration of the term expiring in such year shall recommend to the Governor three physicians qualified to serve on said Board and from the list of persons so recommended the Governor may appoint one member to said Board for the above prescribed term of seven years. Within 60 days after the occurrence of any vacancy in said Board, said Council of the Minnesota State Medical Association shall recommend to the Governor of the state three physicians qualified to serve on said Board and from the list of persons so recommended the Governor, within 30 days after receiving such recommendation, may appoint one member to said Board for the unexpired term occasioned by such vacancy, and any appointment thereto to fill a vacancy shall be made within ninety days after the occurrence of such vacancy for the balance of the unexpired term. The Board shall elect from among their number a president, a vice-president and a secretary-treasurer, who shall each serve for one year or until their successors are elected and qualified. Said Board shall have authority to prescribe such rules and regulations relative to the examination of applicants for license to practice medicine, surgery and obstetrics as may be found necessary. The members of said Board shall have authority to administer oaths and the Board in session to take testimony as to matters pertaining to the duties of the Board. Five members of the Board shall constitute a quorum for the transaction of business. Said Board shall have a common seal, which shall be kept by the secretary, whose duty it shall be to keep a record of all proceedings of the Board, including a register of all applicants for license under this act giving their names, addresses, ages, educational qualifications, and the result of their examination. Said books and registers shall be prima facie evidence of all the matters therein recorded. Said Board shall hold examinations at the seat of government on the third Tuesday in January, April, June and October of each year, and at such other times and places as it shall deem necessary. The members of the State Board of Medical Examiners heretofore appointed and now holding office shall continue in office until the appointment and qualification of members of such Board as herein provided.

Sec. 5707. EXAMINATION AND LICENSE: A person not already authorized to practice medicine in the state, and desiring so to do, shall apply to the secretary of the board for examination, and pay a fee of 20 dollars for the use of the board, which in no case shall be refunded. At a time appointed, or at the next regular examination, he shall prove that he has completed four entire sessions of not less than 36 weeks at a medical school recognized by the board, and has received the degree of M.D. or M.B., or, if such attendance was prior to the year 1899, three sessions shall suffice. He shall be examined in surgery, medicine, obstetrics, eye, ear, nose and throat, and such other branches as the board shall deem advisable. After such examination, the board, if five members thereof consent, shall grant him a license to practice medicine. The examination shall be both scientific and practical, and shall thoroughly test the fitness of the candidate. The board may refuse to grant a license to, or may revoke the license of, any person guilty of immoral, dishonorable, or unprofessional conduct, but subject to the right of the applicant to appeal to the district court in the proper county on the questions of law and fact.

The words "immoral, dishonorable or unprofessional conduct" as used in this section shall mean: (a) Procuring, aiding or abetting a criminal abortion; (b) advertising in any manner either in his own name or under the name of another person or concern, actual or pretended, in any newspaper, pamphlet, circular or other written or printed paper or document, professional superiority to or greater skill than that possessed by fellow physicians and surgeons, or the positive cure of any disease, or the curing of venereal diseases, the restoration of "lost manhood," the treatment of private diseases peculiar to men or women, or the advertising or holding himself out to the public in any manner as a specialist in diseases of the sexual organs, or diseases caused by sexual weakness, self abuse, or excessive indulgences, or the advertising of any medicine or any means whatever whereby the monthly periods of women can be regulated or the menses re-established, or being employed by or in the service of any person, concern, actual or pretended, so advertising, or in any manner creating a fear of private diseases; (c) The obtaining of any fee, or offering to accept a fee on the assurance or promise that a manifestly incurable disease can be or will be cured; (d) willfully betraying a professional secret; (e) habitual indulgence in the use of drugs; (f) conviction for willfully violating any narcotic law; (g) conviction of offense involving moral turpitude; (h) conviction of a felony.

Sec. 5708. PHYSICIANS FROM OTHER STATES, HOW LICENSED: (This section repealed by Laws of 1927, chapter 188.)

Sec. 5709. RECIPROCITY: That the state medical examining board, either with or without examination, may grant a license to any physician licensed to practice by a similar board of another state or the National Board of Medical Examiners, and who holds a certificate of registration showing that an examination has been made by the proper board in which an average grade of not less than seventy-five (75) per cent was awarded to the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in this state, which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this state the applicant may be required to submit to an examination in such subjects as have not been covered. The fee for such examination shall be $75.00.

A certificate of registration or license issued by the proper board of any state may be accepted as evidence of qualification for registration in this state; provided, the holder thereof was at the time of such registration the legal possessor of a diploma issued by a medical college in good standing in this state and that the date thereof was prior to the legal requirements of the examination test in this state.

Sec. 5710. RETALIATORY PROVISIONS: If by the laws of any state or the rulings or decisions of the appropriate officers or boards thereof, any burden, obligation, requirement, disqualification or disability is put upon physicians registered in this state or holding diplomas from medical colleges in this state which are in good standing therein, affecting the right of said physicians to be registered or admitted to practice in said state, then the same or like burdens, obligations, requirements, disqualification or disability shall be put upon the registration in this state of physicians registered in said state or holding diplomas from medical colleges situated therein.

Sec. 5711. REFUSING AND REVOKING LICENSE: The board may refuse to grant a license to, or may revoke the license of, any person guilty of immoral, dishonorable, or unprofessional conduct, but subject to the right of the applicant to appeal to the district court in the proper county on the question of law and fact.

Sec. 5712. DUTY OF SECRETARY; MONEYS, HOW PAID; COMPENSATION, EXPENSES, ETC.: The secretary of the board shall provide the board with blanks, books, certificates and such stationery as is necessary for the transaction of the business pertaining to its duties, and all money received by the secretary shall be paid into the state treasury quarterly. The secretary of the board shall give a bond in the sum of ten thousand dollars ($10,000) to the state of Minnesota for the faithful performance of his duties. The secretary shall receive a salary of eighteen hundred dollars ($1,800) per annum and the stenographer to the secretary a salary of nine hundred dollars ($900) per annum, payable monthly; and the sum of eight hundred dollars ($800) per annum shall be allowed the secretary for blanks, stationery, printing and the maintenance of the office. The salary and expenses of the members of the board shall be paid quarterly and the compensation and expenses of the secretary semi-annually by the state treasurer on warrants signed by the president and secretary, drawn by the state auditor on the state treasurer.

Sec. 5713. LICENSING OF ITINERANT PHYSICIANS BY STATE BOARD: That any physician practicing medicine, surgery, or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method, who by himself, agent or employe goes from place to place, or from house to house, or by circular letters or advertisement, solicits persons to meet him for professional treatment at places other than his regular offices or residence, shall be considered an itinerant physician. Any such itinerant physician shall, in addition to his regular license to practice medicine in this state, procure from the State Board of Medical Examiners, a license as an itinerant physician. Any physician licensed to practice in this state desiring to secure a license as an itinerant physician, shall make an application therefor to the State Board of Medical Examiners, setting forth in detail such information as said board may require. Said board shall examine into said application, the qualification, character and reputation of the applicant and the question as to whether the public interest will be subserved by the granting of such itinerant license and if it shall determine that such license should be granted, it shall pass a resolution to that effect to be spread upon its minutes and upon the payment of three hundred dollars ($300) to the secretary of said board, an itinerant physician's license shall be issued to said applicant for a period of one year from the date thereof; said secretary shall forthwith pay said license fee into the state treasury, for the use of the board.

The board may cancel any itinerant physician's license so issued by it upon satisfactory evidence of the incompetency or gross immorality of the licensee.

Sec. 5714. OFFENSES: Any person practicing medicine as an itinerant physician as defined in section 1 (5713) hereof, without first having procured such license therefore shall be guilty of a gross misdemeanor;

Provided, however, that nothing herein shall be considered to prevent any physician otherwise legally qualified, from attending patients in any part of the state to whom he shall be called in the regular course of business or in consultation with other physicians;

Provided, that nothing in this Act shall preclude licensed dentists or optometrists from practice of their profession.

Sec. 5715. RECORD OF LICENSES; REPORT TO SECRETARY: Before engaging in practice, the holder of a license shall file the same for record with the clerk of the district court in the county where he resides. Upon removal to another county he shall there file his license in like manner before engaging in practice therein. Such clerk shall keep, in the record book of such licenses an index thereof, showing the date and page of record, and in January of each year shall furnish to the secretary of the board a list of the licenses so filed. Upon notice to the clerk of the death or removal of a licensee, or of the revocation of a license, he shall note the same on the record of such license.

Sec. 5716. EXEMPTIONS: This subdivision shall not apply to commissioned surgeons of the United States Army or Navy, to physicians from other states in actual consultation here, or to students practicing under the direct supervision of a preceptor while they are enrolled in and regularly attending a recognized medical school.

Sec. 5717. PRACTICING WITHOUT LICENSE; PENALTY: Every person not heretofore authorized by law so to do who shall practice medicine in the state without having obtained the license herein provided for, and every person who shall so practice contrary to any provision of this subdivision, shall be guilty of a gross misdemeanor. Any person shall be regarded as practicing within the meaning of this subdivision who shall append the letters M.D. or M.B. to his name, or for a fee prescribe, direct or recommend for the use of any person, any drug, or medicine or other agency for the treatment or relief of any wound, fracture, or bodily injury, infirmity or disease; provided this section shall not apply to persons legally authorized to practice healing or excepted from the practice of healing in this state so long as they confine their activities within the scope of their respective licenses, nor to persons who endeavor to prevent or cure disease or suffering exclusively by mental or spiritual means or by prayer.

Sec. 5718. PHYSICIANS AND SURGEONS PROHIBITED FROM SPLITTING FEES: It shall be unlawful for any physician or surgeon to divide fees with, or to promise to pay a part of his fee to, or pay a commission to any other physician or surgeon or person who calls him in consultation or sends patients to him for treatment or operation.

Three members of the board shall constitute a quorum for the transaction of business. Said board shall have a common seal which shall be kept by the secretary, whose duty it shall be to keep a record of all proceedings of said board including the register of all applicants for examination therein, preserving the names, addresses, ages, educational qualifications and the result of their examination, which shall at all times be available for inspection by any parties in interest. Said board shall meet at the University of Minnesota and there conduct examinations in the basic sciences four times each year, respectively, on the first Tuesday in January, April, June and October, and may hold other meetings at such times and places as the board shall determine. Sec. 6. EXAMINATIONS; FEES: Any person not hereinafter excepted from the provisions of this act desiring to practice healing in this state shall apply to the secretary of the State Board of Examiners in the Basic Sciences, on blank forms prepared and furnished by said board, to be examined in the basic sciences at the next examination therein following the making of such application and for a certificate of registration in the basic sciences, accompanying such application with a fee of $15 and sufficient and satisfactory proof that the applicant is 21 years of age or over, is of good moral character and has an education equivalent to graduation from an accredited high school of this state, provided that no applicant shall be required nor requested to disclose in such application the professional college or university he may have attended nor the branch or system of healing which he intends to pursue. Examinations shall be in the basic sciences only and may be both written and by demonstration or other practical test, as the board may determine.

Sec. 7. CERTIFICATE OF REGISTRATION: If in such examination the applicant attains a grade of 75 per cent in each subject he shall receive a certificate of registration in the basic sciences, signed by the president and secretary and sealed with the seal of said board. If he fails in one or two subjects only, he may be reexamined in the subject or subjects in which he failed, at any examination within one year without further application or examination fee, and upon attaining a grade of 75 per cent therein, he shall receive his certificate of registration in the basic sciences. If he fails in three or more of the subjects, he may make a new application for examination in all subjects and again pay the secretary-treasurer of said board the examination fee of $15.

Sec. 8. WHO MUST SECURE LICENSES: Any person not hereinafter excepted from the provisions of this act who was lawfully authorized to practice healing, as by this act defined, in this state on the date this act takes effect, and who was on that date regularly licensed or registered in the manner then by law provided, shall, upon application as herein provided, receive from the State Board of Examiners in the Basic Sciences a certificate of registration in the basic sciences without examination therein; provided, however, that on or before October 1, 1927, every such person shall apply to the secretary of said board for such certificate of registration, accompanying such application with sufficient and satisfactory evidence that he was, on the date of the passage of this act, lawfully authorized to practice healing or regularly licensed or registered according to law in the particular branch or system of healing by him pursued and specifying in said application the branch or system of healing pursued by the applicant, the school from which he graduated, if any, and the date of graduation from said school together with a fee of $3. Such certificate of registration shall recite that registration is made solely as a person lawfully authorized to practice healing or licensed or registered according to law on the date this act takes effect, and that same was issued without examination in the basic sciences. Any person entitled to a certificate of registration in the basic sciences without examination therein pursuant to the provisions of this section who fails to apply for same in the manner herein provided shall not receive such certificate of registration except upon an application for examination and actual examination in the basic sciences as hereinbefore provided; provided, however, said State Board of Examiners in the Basic Sciences may after the first day of October, 1927, in its discretion upon payment to it of a fee of $25, issue a certificate of registration in the basic sciences without examination to any person who would have been entitled thereto pursuant to the provisions of this section upon applying therefor on or before the first day of October, 1927, and who makes application therefor in the manner herein provided and shows good cause why said application was not made on or before the first day of October, 1927.

Sec. 9. APPLICANTS FROM OTHER STATES NEED NOT TAKE EXAMINATIONS IN CERTAIN CASES: The State Board of Examiners in the Basic Sciences may issue a certificate of registration in the basic sciences without examination therein to an applicant who presents sufficient and satisfactory evidence of having passed examinations in the basic sciences as defined by this act before the National Board of Medical Examiners or a legal examining board or officer of another state or of a foreign country, if the standards of such other state or foreign country are determined by said board to be as high as those of this state, and if such other state or foreign country shall be then according a like privilege to persons licensed to practice healing under the authority of the laws of this state, and who presents sufficient and satisfactory proof that he is 21 years of age or over and of good moral character, accompanying the application with a fee of $25 to the secretary-treasurer of said board.

Sec. 10. CERTIFICATES TO BE RECORDED: Every person holding a certificate of registration under this act shall have it recorded within thirty days after the issuance thereof in the office of the clerk of the district court of the county in which he resides, and whenever he shall change his place of residence to another county, he shall again record such certificate in the office of the clerk of the district court of such county, and the clerk shall, in each case, write or stamp thereon the date of such recording. The clerk of the district court shall keep in a book provided for such purpose by the county and open to the public inspection a complete list of such certificates of registration in the basic sciences recorded by him and his predecessors in office, including the date of the issue of each certificate of registration, the name of the person therein and the date of the recording thereof. For each such recording the clerk of the district court shall receive from the person named in the certificate of registration a fee of $1. After such recording the certificate of registration shall be conspicuously displayed by the holder thereof in the office or place where he pursues the practice of healing.

Sec. 11. FEES TO BE DEPOSITED IN STATE TREASURY; ANNUAL REPORTS: All fees received by the State Board of Examiners in the Basic Sciences under this act shall be paid to the secretary-treasurer thereof, who shall forthwith deposit the same with the state treasurer, to be kept in a separate fund, which shall be under the control, and for the use, of said board. All expenditures of said board and all expenses necessarily paid or incurred thereby, in the exercise of its powers or the performance of its duties under this act shall be paid out of said fund. Payments out of said fund shall be made only upon written orders issued and signed by the president and secretary-treasurer of said board. Such secretary-treasurer shall give a bond to the state of Minnesota in such sum as the board shall determine, with sureties approved by the board, conditioned upon the faithful performance by him of the duties of his office and his accounting for all moneys of the board in his custody or under his control as such secretary-treasurer. No expense shall be incurred by said board in excess of the revenue derived from such fees. The secretary-treasurer of said board shall, on or before August 1 of each year, file with the governor a report of all receipts and disbursements and proceedings of said board for the preceding fiscal year.

Sec. 12. APPLICANTS NEED NOT TAKE TWO EXAMINATIONS: No examining board for any branch or system of healing, now existing or hereafter established, shall admit to its examinations or license or register any applicant for examination by such board unless such applicant first presents to it (sic) a certificate of registration in the basic sciences. Any such board shall not require of the applicant another examination in any of the basic sciences.

Sec. 13. ANNUAL REGISTRATION; FEES: Every person not hereinafter excepted from the provisions of this act authorized to practice healing in this state shall in the month of January of each year register with the secretary of the particular board of examiners which examined and registered or licensed him to practice that branch or system of healing which he pursues; and shall at said time for the purpose of making such registration send to such secretary in writing signed by him, his name, the name of the place and the address at which he is engaged in the practice of healing, and pay to said secretary respectively for the years 1928 and 1929, a fee of $5, and thereafter for each year a fee of $2. Any person who shall change the address or place, at which he practices healing during the year shall forthwith notify such secretary in writing of such change, giving such new address or place. The secretary of each board of examiners shall keep a proper register of all such persons and to each person so registering the proper board shall issue a certificate for the current year, signed by the president and secretary and sealed with the seal of such board, setting forth his name, the name of the place and the address at which he is engaged in the practice of healing, and the branch or system of healing by him pursued. Any person not hereinafter excepted from the provisions of this act lawfully entitled to engage in the practice of healing in this state after the month of January in any year and who shall not be registered as provided in this section, shall, within thirty days after first so engaging in the practice of healing, register with the proper examining board in the manner herein provided and pay to the secretary of such board the fee above required, and shall receive from such board a certificate as above prescribed for the balance of such year. Every person receiving a certificate as herein provided shall display the same in a conspicuous place in the office or other corresponding place where he pursues the practice of healing. All fees received by the secretary of any examining board for registration required by this section shall be available to and may be used by such board to defray the expenses of keeping proper registers, furnishing the certificates herein provided for, employing an inspector or inspectors for procuring evidence of any violation of the law or laws administered thereby and aiding in the enforcement of such law or laws and for such other expenses as may be necessarily paid or incurred in the exercise of its powers or performance of its duties as provided by law.

Routine Pathologic Service for Hospitals

THE organizations that approve hospitals request as a minimum requirement that all tissues removed at operation be examined routinely by a competent pathologist.

Since there are over 7,000 hospitals and less than 500 pathologists in the United States, many hospitals find it difficult to obtain pathologic service.

The patient in the small hospital, either in a large or small community, should have the same opportunity for good laboratory service as patients in larger hospitals.

The National Pathological Laboratory of Chicago offers a special service to hospitals, for complete examination of tissues. REPORTS WILL BE MADE PROMPTLY.

Full directions for preserving and sending tissues will be sent on request. Correspondence with hospitals is invited.

HYGEIA
THE HEALTH MAGAZINE
March, 1929
Marriage and Health
25 Cents
Headache

HYGEIA was founded by the American Medical Association to do these very things.

The true professional man is reticent when it comes to talking about himself; yet it is because of this that quackery prospers.

HYGEIA speaks for the qualified physician.

HYGEIA advises consultation with the doctor. It does not advocate home treatment. The health magazine tells your patients how to keep well, but it urges them to see you at the first sign of ill health.

Each issue of HYGEIA is filled with practical, inspiring health articles written in non-technical language. Among the departments are News and Views, New Books on Health, Questions and Answers, Plain Facts About Health and Disease, and the Children's Section of stories and rhymes. Pictures and drawings on almost every page.

Your patients will not have to be urged to read HYGEIA once they become familiar with it in your reception room. And they are certain to be appreciative of your thoughtfulness in acquainting them with the health magazine. Start your HYGEIA subscription today.

MEDICAL PRACTICE ACT OF MISSISSIPPI

Hemingway's Annotated Code, 1917, Chapter 153; Supplement 1921, Chapter 153; Act 1922, Chapter 287.

Section 6367. LICENSE; VIOLATION: Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health; but this section shall not apply to physicians now holding permanent license, the same having been recorded as required by law.

Sec. 6368. APPLICATION: The application for license must state: (1) the applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical school attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to his personal character.

Sec. 6369. EXAMINATIONS: The State Board of Health shall meet at the capitol once in each year, unless other meetings be especially called at such times as may be designated by the board, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations approved or disapproved. All examinations as to applicants' learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different systems or schools of practice that may be chosen.

Sec. 6370. FEES: Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars twenty-five cents ($10.25), of which ten dollars ($10) is to be divided equally between those members of the board who attend and conduct the examination of the applicant, and 25 cents to be paid to the secretary of the board for filing and preserving the application for license.

Sec. 6371. FORM OF LICENSE: A license to practice medicine may be of such form as the State Board of Health may prescribe, but it shall contain a statement showing the place of residence, postoffice address and qualification of the applicant, both as to learning and moral character.

Sec. 6372. FILING OF LICENSE: Every person who receives a license to practice medicine must file it in the office of the clerk of the circuit court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose; upon the payment by the licensee of the fee provided by law, and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

Sec. 6373. LOSS OR NON-RECORDANCE OF LICENSE: If a license to practice medicine be issued and be lost, or if the holder of a license fail to have the same recorded within sixty days as required by law, the State Board of Health may in its discretion, issue a new license.

Sec. 6374. TEMPORARY LICENSE: The secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants, and such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to 25 cents for such a license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

Sec. 6375. MIDWIVES: Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without a license.

Sec. 6376. PRACTICE OF MEDICINE DEFINED: The practice of medicine shall mean to suggest, recommend, prescribe, or direct for the use of any person, any drug, medicine, appliance or other agency, whether material, or not material, for the cure, relief, or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound or fracture or other bodily injury or deformity, or the practice of obstetrics or midwifery, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, profit or compensation; provided, that nothing in this section shall apply to females engaged solely in the practice of midwifery.

Sec. 6377. NON-RESIDENCE: Licensed physicians who reside without this state and whose practice of medicine extends into it may obtain license to practice medicine in this state without being examined as to their learning by presenting a written application for license, in the form prescribed, to the State Board of Health, whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of 25 cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician. The nonresident physician not holding license from the state shall not be permitted to practice medicine under any circumstances after remaining in the state five days, except when called in consultation by a licensed physician residing in this state, except as provided in Section 6378.

Sec. 6378. RECIPROCITY; LICENSE FROM ANOTHER STATE RECOGNIZED: The Board of Health may grant license to practice medicine without examination as to learning to graduates in medicine who hold license to practice medicine from another state, provided the requirements in such state are equal to those required by the State Board of Health of this state.

Sec. 6379. STATIONERY SUPPLIES: The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the secretary of state such record books as the clerks of the circuit court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the Board of Health may designate.

Sec. 6380. COMMUNICATIONS PRIVILEGED: All communications made to a physician or surgeon by a patient under his charge or by one seeking professional advice, are hereby declared to be privileged, and such physician or surgeon shall not be required to disclose the same in any legal proceeding except at the instance of the patient.

Sec. 6381. OSTEOPATHS: Any person desiring to practice osteopathy in this state must first obtain a license from the State Board of Health by passing a satisfactory examination on anatomy, physiology and hygiene only; provided, that graduates of a reputable college of osteopathy now engaged in that practice in this state shall not be examined as to learning, but they shall make satisfactory proof of such graduation and of good character and pay a fee of 25 cents. License to practice osteopathy must be recorded as required by law for license to practice medicine with like penalty on failure to so record.

Sec. 6382. EXAMINATIONS; SUBJECTS: Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, at least ten days before the date of examination, and must be examined by said board touching his learning on the following branches of medicine only, viz: Anatomy, chemistry, obstetrics and gynecology, materia medica and pharmacology, physiology, pathology, surgery, hygiene, physical diagnosis, histology and bacteriology, theory and practice of medicine, diseases of the eye, ear, nose and throat, and if the applicant be found by the board, on examination, to possess sufficient learning in said branches and to be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by all of the members of the board present at said meeting; provided, that no applicant shall be granted a license unless said applicant shall hold a diploma from a reputable medical college that requires a four-years' course of at least thirty-two weeks for each session. However, it is further provided that said applicant may after completing two years of his medical course, apply to the board and obtain permission to take an examination on six of the prescribed subjects, which examination, if successfully passed, shall entitle such applicant to a credit on his final examination after finishing his four years' course and obviate the necessity of his taking a further examination of such subjects as a condition to his obtaining a license to practice medicine.

Chapter 15

Sec. 1068. PENALTY: If any person shall practice as an attorney and cousellor-at-law, or shall practice as a physician or surgeon, or shall practice as a dentist, or shall practice as a pharmacist without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than twenty dollars ($20) nor more than two hundred dollars ($200), or be imprisoned in the county jail not exceeding thirty (30) days.

Laws 1922. Chapter 287.

Section 1. Be it enacted by the Legislature of the State of Mississippi, that if any practicing physician licensed under the law of this state to practice medicine shall be guilty of performing a criminal abortion, or who shall be guilty of violating the federal anti-narcotic laws, or who shall be a habitual narcotic drug addict to such an extent as to render him incompetent and unfit to discharge the duties of his profession, shall, on conviction in the circuit court, be disbarred from practice, and his license shall be revoked. But this does not deprive him of a right of appeal to the supreme court.

Section 5770. BOARD, HOW APPOINTED: The governor, by and with the advice and consent of the senate, shall appoint seven persons, who shall constitute a board which shall be styled the State Board of Health of Missouri. The members so appointed shall hold their office for a term of four years. All vacancies occurring in the board shall be filled by the governor of the state, and when made when the senate is not in session, will be subjected to confirmation at the next ensuing session of the senate.

Sec. 5771. QUALIFICATIONS: At least five of said board shall be physicians in good standing, and of recognized professional and scientific knowledge, and graduates of reputable medical schools, and they shall have been residents of the state for at least five years next preceding their appointment: Provided, that in the appointment made there shall be no discrimination made against the different systems of medicines that are recognized as reputable by the laws of this state.

Sec. 5776. MEETINGS OF BOARD: The meetings of the board shall be in January and July of each year, and at such other times as the board shall deem expedient. The meeting in January of each year shall be held in the City of Jefferson, and four members shall constitute a quorum. They shall choose from their number a president, vice-president and a secretary, and they may adopt rules and by-laws for their government, subject to the provisions of this article.

Sec. 5777. DUTIES OF SECRETARY—COMPENSATION OF BOARD: The secretary shall perform such duties as may be prescribed by the board and this article; he shall receive a salary, which shall be fixed by the board; he shall also receive his traveling and other expenses in the performance of his official duties. The other members of the board shall receive no compensation for their services, but their traveling and other expenses while employed on the business of the board shall be paid. The president of the board shall certify the amount to the secretary, and the traveling and other expenses of members, and on presentation of his certificate the auditor of state shall draw his warrant on the state treasurer for the amount.

Sec. 5779. BOARD TO ORGANIZE, ETC.: The State Board of Health shall organize within thirty days after the appointment of the members thereof. The president of the board shall have authority to administer oaths, and the board to take testimony in all matters relating to their duties and powers. In selecting places to hold their meetings, they shall, as far as is reasonable, accommodate the different sections of the state, and due notice shall be published of their stated meetings. All certificates issued by them shall be signed by at least five members of the board.

Chapter 65

Section 7330. PRACTITIONER SHALL BE REGISTERED PHYSICIAN: It shall be unlawful for any person not now a registered physician within the meaning of the law to practice medicine or surgery in any of its departments or to profess to cure and attempt to treat the sick and others afflicted with bodily or mental infirmities, or engage in the practice of midwifery in the state of Missouri, except as hereinafter provided.

Sec. 7331. STATE BOARD OF HEALTH TO HAVE SUPERVISION OF REGISTRATION: The State Board of Health shall have general supervision over the registration of all practitioners of medicine, surgery and midwifery in this state.

Sec. 7332. EXAMINATION—SUBJECTS TO BE PASSED—GRADE—RECOGNITION OF CERTIFICATES OF OTHER STATES: All persons desiring to practice medicine or surgery in this state, or to treat the sick or afflicted, as provided in section 7330 of this article, shall appear before the state board of health, at such time and place as the board may direct and there shall be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the secretary of the said board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, to wit, a certificate of graduation from an accredited high school, or its equivalent. They shall also furnish satisfactory evidence of having attended throughout at least four terms of thirty-two weeks of actual instruction in each term and of having received a diploma from some reputable medical college that enforces requirements of four terms of thirty-two weeks of actual instruction in each term, including two years' experience in operative and hospital work at time of graduation; provided that the time of graduation has been since March 12, 1901, and two years' requirements if the date of the graduation is prior to March 12, 1901, and shall also furnish evidence of good moral character. The medical examination except that part which is practical, to be in writing and the questions and answers shall be kept on file by the state board of health, subject to public inspection, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, bacteriology, medical jurisprudence and hygiene, and such other branches as the state board may direct: provided, that each applicant for license shall have two hours if necessary during which to answer the usual number of questions asked on each branch examined upon. The candidate shall be required to attain an average of seventy-five per centum of all subjects examined on, provided that he must not fall below fifty per centum on any one subject, before being granted a license; provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of the said board who represent the system of medicine of which said applicant has been a student. If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this article. The board of health shall issue to such persons as they shall find upon examination to possess the requisite qualifications, a license to practice medicine and surgery in accordance with the provisions of this article, and the state board of health shall not be permitted to favor any particular school or system of medicine but all applicants shall be subjected to the same examination and the same degree of proficiency shall be required of all; provided, that in determining the qualifications necessary for registration as a qualified physician the state board of health may, at its discretion, accept the certificate of the national board of medical examiners of the United States, chartered under the laws of the District of Columbia, in lieu of and as equivalent to its own professional examination. Every applicant for a license upon the basis of such certificate shall, upon making application showing necessary qualifications, as above set out, be required to pay the same fee required of applicants to take the examination before the board. And it is further provided that the said board of health may under the regulations established by the board admit without examination legally qualified practitioners of medicine who hold certificates to practice medicine in any state or territory of the United States or the District of Columbia with equal educational requirements to the state of Missouri, and that extend like privileges to legally qualified practitioners from this state upon the applicant paying a fee of fifty dollars ($50.00).

Sec. 7332A. BOARD OF MEDICAL EXAMINERS, RIGHTS: The question as to whether any medical school is entitled to recognition, by the State Board of Medical Examiners, a medical school of good standing and the action of said medical examiners in refusing a license to any applicant is hereby declared to be a question of fact and any person aggrieved by reason of the action of the board, shall have the right to have such question reviewed by suing out a writ of certiorari in the circuit court and such question shall be tried de novo by the court issuing such writ, and the court of review shall render such judgment as should have been rendered in the first instance.

Sec. 7333. LICENSE TO BE RECORDED WITH COUNTY CLERK; RECORDING FEE; NONCOMPLIANCE A MISDEMEANOR; PENALTY: Every person holding a license from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be endorsed thereon. And the clerk is authorized to charge a fee of one dollar ($1) for recording each license, to be paid by the person offering such license for record. Any person removing to another county to practice medicine or surgery shall have his license recorded, in the county to which he removes, and the holder of said license shall pay said clerk of said county the usual fee for making the record. The county clerk shall keep, in a book provided for that purpose, a complete list of the licenses recorded by him, with the date of issue. Any person neglecting to record his license as in this section provided before entering upon the practice shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars ($50), and on the failure to record said license for thirty days after such conviction, such person shall be liable to a fine of not less than one hundred dollars ($100).

Sec. 7334. PRACTICE OF MEDICINE AND TREATMENT OF SICK, ETC., WITHOUT LICENSE PROHIBITED; PENALTY: Any person practicing medicine or surgery in this state, and any person attempting to treat the sick or others afflicted with bodily or mental infirmities, and any person representing or advertising himself by any means or through any medium whatsoever, or in any manner whatsoever, so as to indicate that he is authorized to or does practice medicine or surgery in this state, or that he is authorized to or does treat the sick or others afflicted with bodily or mental infirmities, without a license from the state board of health, as provided in this article, or after the revocation of such license by the state board of health, as provided in this article, shall be deemed guilty of a misdemeanor, and punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than one year, or by both such fine and imprisonment for each and every offense; and treating each patient shall be regarded as a separate offense. Upon receiving information that any provision of this section has been or is being violated the secretary of the state board of health shall investigate the matter and upon probable cause appearing, shall, under the direction of the board, file a complaint with the prosecuting or circuit attorney in the county or city where the alleged offense occurred. Any person filing or attempting to file as his own, a license of another or a forged affidavit of identification, shall be guilty of a felony and upon conviction thereof, shall be subjected to such fine and imprisonment as are made and provided by the statutes of this state for the crime of forgery in the second degree: Provided, that physicians registered on or prior to March 1, 1901, shall be regarded for every purpose herein as licentiates and registered physicians under the provisions of this article.

Sec. 7335. FEES; DISPOSITION OF SAME: In order to provide the means to carry out and maintain the provisions of this article, the said board shall charge each person applying to and appearing before it for examination for a license to practice medicine and surgery a fee of fifteen dollars ($15.00), and should such examination prove unsatisfactory and the state board refuse to issue a license thereon, the applicant failing to pass such examination may return at any meeting within the next twelve months thereafter and be examined without extra charge, but no temporary license shall be issued to such person. All fees so received from applicants for license shall be paid into the state treasury and shall be held by the state treasury as a separate fund to be disbursed only in payment of expenses of maintaining said board of health, and said fund is hereby appropriated for said purpose, and no other money shall be paid out of the state treasury for the provisions of this article. The state auditor shall issue his warrant on the state treasurer for payment out of said fund on the certificate of the president and secretary of the State Board of Health.

Sec. 7336. AUTHORITY OF STATE BOARD OF HEALTH TO ISSUE OR REVOKE LICENSES TO PRACTICE MEDICINE. The board may refuse to license individuals of bad moral character, or persons guilty of unprofessional or dishonorable conduct, and they may revoke licenses, or other rights to practice, however derived, for like causes, and in cases where the license has been granted upon false and fraudulent statements, after giving the accused an opportunity to be heard in his defense before the board as hereinafter provided. Habitual drunkenness, drug habit or excessive use of narcotics, or producing criminal abortion, or soliciting patronage by agents, shall be deemed unprofessional and dishonorable conduct within the meaning of this section. At least twenty days prior to the date set for any such hearing before the board for the revocation of such license, the secretary of the board shall cause written notice to be personally served upon the defendant in the manner prescribed for the serving of original writs in civil actions. Said notice shall contain an exact statement of the charges and the date and place set for the hearing before the board. If the party thus notified fails to appear, either in person or by counsel at the time and place designated in said notice, the board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance and service of notice, revoke said license. If the licentiates appear either in person or by counsel, the board shall proceed with the hearing as herein provided. The board may receive and consider depositions and oral statements, and shall cause stenographic reports of the oral testimony to be taken and transcribed, which, together with all other papers pertaining thereto, shall be preserved for two years. If a majority of the board are satisfied that the licentiate is guilty of any of the offenses charged, the license shall be revoked for such period of time as may be agreed upon. Any person whose license has been or shall be revoked by the board shall have the right to have the proceedings of said board revoking his license and all the evidence therein reviewed, on a writ of certiorari, by the circuit court of the county in which said board held its session when said license was revoked. Said writ shall issue upon the petition of the person whose license shall have been revoked to said court or to the clerk thereof in vacation at any time within ninety days after such revocation, and shall command the said board and the secretary thereof to certify to said court the record and proceedings of said board, and a complete transcript thereof, and of all the evidence therein pertaining to the revocation of said license. The petitioner [petition] for the writ of certiorari shall set forth the rights of the petitioner and the injuries complained of by him and shall be verified by him. If the proceedings of the board shall be sustained or upheld by the circuit court, its orders, decisions or judgments revoking said license shall remain and continue in full force and effect. And any such license so revoked by the board shall, pending said review on certiorari, stand revoked and so remain until the proceedings of the board relating thereto shall be quashed or otherwise annulled by the circuit court on said writ of certiorari. Testimony may be taken by deposition, to be used in evidence on the trial of such charges before the board in the same manner and under the same rules and practice as is now provided for the taking of depositions in civil cases.

Sec. 7337. HEALTH COMMISSIONER OF ST. LOUIS; DUTIES: Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty or service in the city of St. Louis shall be performed by the health commissioner, as if said officer was specially named to perform these duties and services, and said officer shall receive the same compensation therefor as this article provides shall be paid to the county clerk: Provided further, that whenever in this article the word county is used it shall include the city of St. Louis the same as if said city were specially named.

Section 7338. LAW NOT TO APPLY TO U. S. SURGEONS; NOT TO GRATUITOUS SERVICE; NOT TO APPLY TO PERSONS WHO ENDEAVOR TO CURE BY SPIRITUAL MEANS OR PRAYER: It is not intended by this article to prohibit gratuitous service to and treatment of the afflicted, and this article shall not apply to commissioned surgeons of the United States army, navy and United States public health service while in the performance of their official duties, nor to any licensed practitioner of medicine and surgery in a border state attending the sick in this state provided he does not maintain an office or appointed place to meet patients or receive calls within the limits of this state, and provided, that such practitioner comply with the statutes of Missouri and the rules and regulations of the Missouri state board of health relating to the reports of births, deaths and contagious diseases, nor shall this article apply to the provisions of chapter 79, Revised Statutes of Missouri, 1919. And this article shall not apply to persons who endeavor to cure or prevent disease or suffering by spiritual means or prayer, provided that quarantine regulations relating to contagious diseases are not infringed upon. Provided, further, that no provision of this section shall be construed or held to interfere in any way with the enforcement of the rules and regulations adopted and approved by the state board of health or any municipality under the laws of this state for the control of infectious or contagious diseases.

Article 2

Sec. 7339. MIDWIFERY LICENSE; VIOLATION OF LAW A MISDEMEANOR; PENALTY: It shall be unlawful for any person to practice midwifery in this state before receiving a license to do so. Every person desiring to practice midwifery as a profession shall make application to the State Board of Health for examination and pay a fee of five dollars ($5). And upon passing an examination satisfactory to said board upon the subject of obstetrics, shall receive a license to practice as above provided. It shall be unlawful for any person licensed as a midwife only to engage in any other branch of medical practice or to advertise herself as doctor, doctress or physician, or to use any letters before or after her name on a sign or otherwise, indicating that she is authorized to or does engage in any other branch of medical practice. And any person practicing midwifery as a profession or advertising herself as a midwife, without first obtaining a license as aforesaid, and any licensed midwife who shall do any acts in this section prohibited, shall be deemed guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than ten dollars ($10) nor more than fifty dollars ($50), or by imprisonment in the county jail not more than two (2) months nor less than ten (10) days. Acting in each case shall be deemed a separate offense. Sec. 7342. VIOLATION OF THE LAW A MISDEMEANOR; PUNISHMENT: Any failure to comply with the provisions of sections 7340 and 7341 shall be a misdemeanor, and shall be punishable by a fine of not less than ten and not more than one hundred dollars, or by imprisonment not to exceed six months, or by both such fine and imprisonment.

MEDICAL PRACTICE ACT OF MONTANA

Revised Codes of Montana, 1921, Chapter 223; As Amended, Laws of 1927, Chapter 68.

Sec. 3116. BOARD OF EXAMINERS; APPOINTMENT; TERMS: The governor, with the advice and consent of the senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the state of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and are graduates of accredited colleges of medicine, who shall constitute the Board of Examiners for the purpose of this Article. The physicians so appointed shall hold their respective offices for seven years; provided, that the terms in office of those constituting the present board shall not be affected by the provisions of this Act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire; and provided, also, that all vacancies occurring shall be likewise filled by appointment by the governor with the advice and consent of the senate. Appointments made when the senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session.

Sec. 3117. ORGANIZATION; QUORUM; MEETINGS; RECORDS: The Board of Medical Examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this Act. The Board of Examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof, and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this Act; such register is prima facie evidence of all matters therein kept.

Sec. 3118. CERTIFICATE; EXAMINATION, SUBJECTS; FEES; TEMPORARY CERTIFICATES: Every person hereafter wishing to practice medicine or surgery in any of the departments of this state shall apply to said board for a certificate so to do. Every person applying shall present his or her diploma to the said Board of Examiners for verification as to its genuineness; if the diploma is found to be genuine, and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts said Board of Examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to wit: Anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, and present evidences of having attended four courses of lectures of at least six months each, but such evidence of having attended four courses of lectures shall not be required of applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical and of sufficient thoroughness and severity to test the candidates' fitness to practice medicine and surgery; when desired such examination may be conducted in the presence of the dean of any medical school or the president of any medical society in this state. After examination such board, if the candidate has been found qualified, shall grant a certificate to such candidate to practice medicine and surgery in the state of Montana, which said certificate can be granted only by the consent of not less than four members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce and exhibit to the said Board of Examiners a certificate from a board of medical examiners, duly appointed and existing under the laws of any state of the United States, and recognizing certificates or licenses from this state certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, or certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and to the further fact, if such is the case, that such applicant was exempt from examination under the provisions of the law of said state by reason of his residence in said state in the active practice of medicine and surgery at the time of the passage in said state of said law requiring the examination of applicants to practice medicine and surgery, he or she may, at the discretion of said Board of Examiners, on paying the fee required of applicants for examination under the provisions of Section 3123, and otherwise complying with all the requirements of this article, receive from said Board of Examiners a certificate to practice medicine and surgery within this state, and on filing said certificate with the county clerk of the county in which he resides, as is provided in Section 3120, he shall be a legally qualified practitioner of medicine and surgery in this state; provided, also, that during any period intervening between the sessions of said Board of Examiners any person desiring to practice medicine within this state may present his or her diploma to the president or secretary of said board, who may issue a certificate good until the next regular meeting of said board; and provided, further, that all physicians and surgeons who hold certificates granted by the now existing Board of Medical Examiners, or who are now legally entitled to practice medicine and surgery in this state, shall be exempt from the provisions of this section.

Sec. 3119. EXAMINATION OF APPLICANTS FOR CERTIFICATES; REVOCATION OF CERTIFICATES; APPEALS FROM DECISION OF BOARD: No person not heretofore licensed to do so shall be permitted to practice medicine in the state of Montana unless he shall have first been subjected to a thorough examination as to his qualifications, learning and professional skill by the State Board of Medical Examiners, nor until he has been issued a certificate by such board after such examination admitting him to practice as a physician and surgeon in the state of Montana. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing on the applicant a copy of any charge or charges against him and appoint a day for hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the board, after such hearing, refuse a certificate to the applicant, the decision specially stating the ground on which such refusal was made must be reduced to writing and a copy thereof delivered to the applicant, on demand of the applicant. On a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within twenty days after the service of the copy of the charges on the applicant, unless further time is granted to the applicant, and the decision of the board must not be later than ten days after the day of hearing. If the decision is not rendered within the said period of ten days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made.

The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place a written complaint, specifically stating the charges against the person whose certificate is sought to be revoked, must be delivered to the board and a copy thereof be served on such person twenty days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing, at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground on which such revocation is made must be specifically stated by the board in writing and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of a refusal or revocation of a certificate to practice medicine by said board, the person aggrieved thereby may appeal from the decision of the board as hereinafter provided.

An appeal may be taken from the action of the State Board of Medical Examiners in refusing to issue a certificate to practice medicine and surgery to any applicant after examination or from the action of said board in revoking the certificate of any physician or surgeon, to the district court of the county in which such revocation or refusal was made. The appeal is taken by serving notice of appeal upon the secretary of the Board of Medical Examiners, and the attorney-general of the state within thirty days after notice from the Board of Medical Examiners of its decision, and by filing within the same time with the clerk of the proper district court, a verified copy of the decision from which appeal is taken, together with a verified copy of any charge or charges preferred against the applicant and filed with the Board of Medical Examiners. The appellant is required at the time of filing such appeal, to furnish and file with the clerk of the court a good and sufficient bond to be approved by the clerk of the court, with two good and sufficient sureties, in the sum of three hundred dollars ($300), guaranteeing the payment of all costs of the appeal should the case be decided against the appellant, and the costs shall consist of the sheriff's fees for serving jurors, jurors' fees and the fees of the clerk of the court. Such appeal shall thereafter be tried by the district court before a jury of six physicians—not less than two of whom shall be of the same school of medicine as the appellant—and in case such jury cannot be obtained in the county where the case is tried, the judge of such court shall order subpoenas for physicians from any adjoining county or counties, which subpoenas shall be served by the sheriff of such adjoining county upon receipt, after the clerk of the court where the subpoena is issued shall have sent by registered mail, such subpoena to such sheriff. Bias or prejudice or fixed opinion shall constitue a ground of challenge to a juror for cause, and the appellant and the medical board shall each have the right to peremptorily challenge not more than two of such jurors. When the jury shall have been selected and sworn to try the cause, they consititute a higher examining board for the purpose of enquiring into whether or not the judgment of the Board of Medical Examiners should be affirmed or overruled upon the issues presented to such board, and such jury may make such examination of the appellant as they may deem necessary or desirable. It shall take four of the jury to render a verdict, and no member of the medical board is qualified to act as a juror. The attorney-general is hereby made the attorney for said board. Jurymen subpoenaed under this Act shall be entitled to mileage at the rate of 10 cents per mile for each and every mile by them actually traveled in attending upon the court, and of three dollars ($3) per day for their services.

Sec. 3120. CERTIFICATE TO BE RECORDED; REPORT CHANGES; PENALTIES. Every person obtaining a certificate from the board must, within sixty days from the date thereof, have the same recorded in the office of the county clerk of the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must be immediately recorded in the county to which he removes. The county clerk must endorse on the certificate the date of record, and he is entitled to charge and receive his usual fee for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate.

Sec. 3121. TO WHOM NOT APPLIED: This Act shall not apply to midwives of skill and experience, commissioned surgeons of the United States Army and Navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other states and territories.

Sec. 3122. PRACTICING MEDICINE WITHOUT CERTIFICATE; PENALTIES: Any person practicing medicine or surgery within this state without first having obtained a certificate to practice, as provided by law, and after his certificate to practice has been revoked, or contrary to the provisions of this Article, shall for each violation of the provisions of this code, or any act relating to the practice of medicine and surgery in this state, be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than one thousand dollars ($1,000) nor less than two hundred fifty dollars ($250), or by imprisonment in the county jail not exceeding one (1) year, nor less than ninety (90) days, or by both such fine and imprisonment, as the court may determine.

Any person shall be regarded as practicing within the meaning of this Article who shall append or affix the letters M.B. or M.D., or the title of Dr. or Doctor, or any other sign or appellation in a medical sense to his or her name, who shall publicly profess to be a physician or surgeon, who shall publicly profess either on his own behalf, in his own name, in his trade name, or on behalf of any other person, corporation, association, partnership, either as manager, book-keeper, solicitor or other agent, to cure, treat, relieve or palliate any ailment, disease or infirmity of the mind or body of another by using or prescribing any drug, medicine or surgical treatment, or who shall recommend, prescribe or direct for the use of any person, any drug, medicine, appliance, apparatus, or other agency, whether material or not material, for the cure, relief or palliation of any ailment or diseases of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or other deformity after having received, or with the intent of receiving therefor either directly or indirectly, any bonus, gift, or compensation; provided, however, that nothing in this section shall be construed to restrain or restrict any legally licensed osteopathic practitioner practicing under the laws of this state. Nothing in this Act shall prohibit any legally licensed pharmacist or mercantile dealer from selling any drugs or medicines which are now allowed to be sold under the laws of the state of Montana or the United States.

Sec. 3123. FEES: Candidates for examination shall pay in advance to the secretary of the Board of Medical Examiners a fee of Fifty Dollars ($50.00), which fee shall defray the entire expenses of said candidate for examination before the aforesaid Board of Examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months without fee. Candidates who shall be granted right to practice medicine in the State of Montana under the reciprocity provisions of Section 3118 of the Revised Codes of Montana, 1921, without examination, shall before receiving certificate of authorization to practice medicine in this State pay to the Secretary of the Board of Medical Examiners a fee of Seventy-Five Dollars ($75.00), and the money so received shall be turned over to the State Treasurer, to be by him deposited in the Medical Board Fund as provided by law.

Sec. 3124. COMPENSATION OF BOARD; ANNUAL REPORT TO GOVERNOR: Each member of the Board is hereby allowed the sum of Ten Dollars ($10.00) per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the Medical Board Fund. The money in such fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said Board, countersigned by the President. The rate of mileage and attendance before said Board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday in November to the Governor, which report must show all the transactions of the board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund.

DIVISION IV.

EXAMINATIONS.

Sec. 25. Any person desiring to take the examination for a license to practice a profession shall make application to the Department at least fifteen days before the examination on a form provided by the Department and sworn to by the applicant. Such application shall be accompanied by the examination fee and such documents and affidavits as are necessary to show the eligibility of the candidates to take such examination. All applications shall be in accordance with the rules of the Department. Provided, however, that those graduating from accredited, professional schools in Nebraska less than fifteen days preceding the date set for their examination may file their application, accompanied by a statement from one authorized to speak, that said applicant has completed and successfully passed his examinations and in due time will receive his diploma; upon the payment of his fee his application may thereupon be received but before taking the examination he must file a photographic copy of his diploma.

Sec. 26. The Department shall give public notice of the time and place of all examinations to be held under this article. Such notice shall be given in such manner as the Department may deem best and in ample time to allow all candidates to comply with the provisions of this article.

Sec. 27. The State Superintendent of Public Instruction shall supply the Department and keep up to date a list of accredited high schools and other secondary schools to enable said Department, through its bureau of examining boards, to pass upon the qualifications of an applicant for examination when he is required by any provisions of this article to have completed a four year course in an accredited high school or any certain portion of its course. Where an equivalent for a high school graduation or any portion of a high school course is provided for by law, the equivalent claimed by an applicant shall be evaluated at the request of the Department by the State Superintendent of Public Instruction or by someone designated by him for that purpose. The only equivalent considered shall be one based on training in school; but hours taken in non-accredited schools may be considered.

Sec. 28. The Department shall prepare and keep up to date a list of accredited colleges in which are taught the professions which are regulated by this article. The Board of Examiners shall make recommendations relative thereto and shall approve the list for the profession for which it gives license examinations. No school shall be accredited without the formal action of the Department and the Board of Examiners for the profession which that school teaches. Any professional school or college whose graduates or students desire to take the Nebraska State Board examination shall supply the Department with the necessary data to allow the Board of Examiners and the Department to determine whether that school should be accredited.

Sec. 29. The regular sessions for the purposes of giving examinations shall be held at such times and places as the Department may fix, not to exceed four in any one year, except in Dentistry there shall be but two. All sessions shall be held at the State Capitol in Lincoln unless otherwise ordered by the Department. Examinations may be held in any professional school or college, at the discretion of the Department and any examination may be held concurrently in two or more places to accommodate the applicants therefor. Special examinations may be held at the expense of the applicant as may be provided by the Department and Board of Examiners in that particular profession.

Sec. 30. Prior to each examination the Department shall prepare a list of applicants who are eligible to take that examination. In determining such eligibility the Department shall consult the secretary of the proper Board of Examiners or any member thereof.

Sec. 31. The Department shall prepare rules regulating examinations and grading of examination papers. In doing this it shall take the advice of any interested Board of Examiners. In the absence of any definite provision relating to any particular profession all applicants shall be required to attain an average grade of seventy-five (75) per cent and to not fall below a grade of sixty (60) per cent in any one subject. When an applicant falls below sixty (60) per cent in but two subjects he may take those two over without charge at any time within fourteen months. If an applicant falls below sixty (60) per cent in more than two subjects or if he failed to attain an average grade of seventy-five (75) per cent in all subjects he shall take the entire examination over and may do this without charge at any time within fourteen months or at the first meeting of the Board of Examiners if it is not in session within that time.

Sec. 32. All examinations in theory shall be in writing and the identity of persons taking the same shall not be disclosed upon the examination paper in such a way as to enable the Board of Examiners to know by whom written. In examinations in practice the identity of the candidate shall also be concealed as far as possible and the Board Members shall in every way endeavor to carry out the spirit of this section.

Sec. 33. The practical work required in connection with any examination regulated under this article shall be given by at least one-third of the members of the Board giving such examination. In dentistry, the final practical examination in operative and prosthetic dentistry may be given at the infirmary of each of the dental colleges, schools or departments, legally conducted in the State of Nebraska of which the applicant is a graduate.

Sec. 34. The Department shall be represented at all examinations. Such representative shall look after the details connected therewith. If the duties of such person are performed away from the State Capitol he shall receive his necessary traveling and hotel expenses.

Sec. 35. Every examination shall be passed upon in accordance with the established rules of the Department and in cases of dispute a majority of members of the interested Board shall decide. After each examination the Board of Examiners or the individual members shall certify the grades of the applicants to the Department in the manner prescribed by it. The Department shall then issue the proper license and make the required entry in the Registry Record.

Sec. 36. The Board of Examiners may give a partial or segregated examination for a license to practice a profession to any applicant who has completed a portion of his professional course. For such purposes the Department, upon recommendation of the Board of Examiners shall establish by rule (1) the portion of said course which shall be completed prior to such examination, (2) the subjects to be covered by said examination and the subject to be covered by the final examination to be taken by such applicant after the completion of his professional course and prior to the issuance of his license; but the subjects covered in the partial or segregated examination shall be the same as those stated in this article for the regular examination.

Sec. 37. In case a partial or segregated examination under the preceding section has been provided for, the provisions of this article relating to examinations generally, shall apply so far as practicable. Those provisions may be supplemented by rules of the Department, which shall be adopted with the consent of the Secretary of the interested Board of Examiners.

Sec. 38. All questions and answer papers connected with any examination for a license shall be filed with the Department and preserved for two years as a part of its records, during which time said papers shall be open to inspection of an applicant or of the superintendent of his training school or other proper representative under regulations by the Department.

DIVISION V.

RECIPROCAL LICENSES.

Sec. 39. The Department, without examination, except where a practical examination is required, may issue a license to practice any profession to a citizen of the United States who has been in the active practice of that profession in some other state, territory or District of Columbia upon the certificate of the proper licensing authority of that state, territory or District of Columbia certifying that the applicant is duly licensed; that his license has never been suspended or revoked and that so far as the records of said authority are concerned the applicant is entitled to its endorsement. Said applicant shall also present proof of the following things:

1. That the state, territory or District of Columbia from which the applicant comes shall have and maintain standards regulating his profession equal to those maintained in that profession by Nebraska
2. That his license there was based upon a written examination and the grades given at such examination.
3. Date of his license.
4. That said licensee has been actively engaged in the practice under such license since it was issued; if not, fix the time when he was out of the practice.
5. Affidavit of at least two practitioners in that state, territory or District of Columbia testifying to the applicant being of good moral character and standing in his profession.
6. Show that applicant has been in the active and continuous practice under license by examination in the state, territory or District of Columbia from whence he comes for at least the periods in the different professions as follows: In dentistry and embalming, five years; in the several remaining professions, one year.

Sec. 40. In order that the Department may determine the standards established by law and by rule in the other states the Director of the Bureau of Examining Boards or some other person authorized by the Secretary of the Department shall gather information from other states bearing upon this point. The applicant shall, upon the request of the Department, be responsible for securing information from the proper authority of the place from which he comes, of the standards maintained there and the laws and rules relating thereto. In determining these standards the Department shall submit to the interested Board of Examiners any question that required the exercise of expert knowledge.

Sec. 41. Where the licensing authority in any other state shall refuse to accept applicants from Nebraska who are qualified to be admitted under the laws of that state and have been properly certified by the Department of this State, then the Department may decline to admit without examination licensees from that state.

Sec. 42. In those professions requiring a practical examination in connection with the admission of applicants from other states without general examination, if the Board of Examiners in the interested profession is not expected to be in session within thirty days the Department may ask at least one-third of that Board to give a special examination and may fix their reasonable compensation therefore, in addition to their traveling expenses.

Sec. 43. The Department with the consent of the interested Board of Examiners, shall have power to establish the necessary rules not inconsistent with the law to carry out the reciprocal relations with other states which are authorized herein.

Sec. 44. Any licensee who is desirous of changing his residence to another state, territory or District of Columbia, shall, upon application to the Department and the payment of the legal fee, receive a certified statement that he is a duly licensed practitioner in this state.

Sec. 45. In the event that the Board of Examiners in nursing after due consideration, finds that the application of the principle of state standards in the admission of licensees from other states works a hardship upon that profession and recommends a modification thereof the department may by rule modify that standard for a definitely fixed time. However, any modification made shall apply to all applications coming within the class covered by the rules.

Sec. 47. For the purpose of the preceding section "unprofessional conduct" shall consist of any of the following acts:

1. Solicitation of professional patronage by agents or persons popularly known as "cappers" or "steerers," or by profiting by the acts of those representing themselves to be agents of the licensee.
2. Receipt of fees on the assurance that a manifestly incurable disease can be permanently cured.
3. Division of fees or agreeing to split or divide the fees received for professional services with any person for bringing or referring a patient or assisting in the care or treatment of a patient without the consent of said patient or his legal representative.
4. Advertisement of any medicine or means whereby the monthly periods of women can be regulated or the menses reestablished if suppressed.
5. Procurement or aiding or abetting in the procurement of a criminal abortion.
6. Wilful betrayal of a professional secret.

Sec. 48. The Secretary of the Department shall have jurisdiction of the proceedings to revoke or suspend the license of any licensee practicing under this article.

The petition for the revocation or suspension of a license may be filed:

1. By the Attorney General in all cases.
2. By the Attorney of the county in which the licensee resides or has practiced.

Said petition shall be filed in the office of the Director of the Bureau of Examining Boards of the Department or with some other person designated by its secretary.

Sec. 49. The Department shall direct the Attorney General to file such petition against said licensee upon its own motion or it may give such directions upon the sworn statement of some person who resides in the county wherein the licensee practices.

Sec. 50. The Attorney General shall comply with such directions of the Department or of said Director and prosecute said action on behalf of the state; but the county attorney of any county where a licensee has practiced, at the request of the Attorney General or of the Department, shall appear and prosecute such action.

Sec. 51. The following rules shall govern the form of the petition in such cases:

1. The state shall be named as plaintiff and the licensee as defendant.
2. The charges against the licensee shall be stated with reasonable definiteness.
3. Amendments may be made as in ordinary actions in the district court.
4. All allegations shall be deemed denied but the licensee may plead thereto if he desires.

Sec. 52. Upon the presentation of the petition to the Secretary of the Department he shall make an order fixing the time and place for the hearing which shall not be less than fifteen nor more than thirty days thereafter.

Sec. 53. Notice of the filing of such petition and of the time and place of hearing shall be served upon the licensee at least ten days before said hearing. Said notice may be served by any sheriff or constable or by any person especially appointed by the Secretary of the Department. Said service may be made either upon the licensee personally or by leaving at his usual place of residence.

Sec. 54. The proceedings shall be summary in its nature and triable as an equitable action. Order of revocation or suspension of a license may be entered of record and the licensee may not engage in the practice of his profession after his license is revoked or during the time for which it is suspended.

Sec. 55. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the Secretary after receiving satisfactory evidence of the truth of the charges shall order the license revoked or suspended.

Sec. 56. If the order is adverse to the licensee the costs shall be charged to him as in ordinary civil actions in the district court; but if the state is the unsuccessful party the costs shall be paid out of any money in the Bureau of Examining Boards of said department available for that purpose. Witness fees and costs may be taxed according to the rules prevailing in the district court.

Sec. 57. All costs accrued at the instance of the state when the successful party which the Attorney General certifies cannot be collected from the defendant shall be paid out of any available funds in the Bureau of Examining Boards of said Department.

Sec. 58. Both parties shall have the right of appeal to the district court of the county of which the accused is a resident at any time within thirty days after the entry of the order by the secretary of the department. The filing of a notice in writing of the intention of taking such appeal with the director of said bureau within ten days after the entry of the order shall be sufficient notice to the adverse party of the intention of taking such appeal. A transcript of all pleadings upon which the cause was tried before the said department duly certified shall be filed in the office of the clerk of the district court of the county where the defendant resides and such filing shall complete the appeal. If the one complained against is not a resident of the state of Nebraska or if his residence is unknown to the Department, then the appeal shall be heard in the district court of Lancaster county. The trial in the district court upon such appeal shall be de novo. The trial in the district court shall be upon the issues joined before the Secretary of the Department, except as the judge of the district court may allow amendments thereto, which shall be governed by the usual rules of pleading in that court.

Sec. 59. Said cause shall be heard at a time fixed by the district court but shall be advanced and take precedence over all other cases upon the court calendar except compensation and criminal cases and shall be heard at the next term after the appeal is filed.

Sec. 60. In the event the plaintiff appeals no bond shall be required. If the defendant appeals the only bond required shall be one for the payment of the plaintiff's costs, both before the Secretary and in the district court. The giving of such a bond by the defendant shall not operate to stay the proceedings of the Secretary of the Department or restore the right of said defendant to practice his profession pending such appeal.

DIVISION VII.

Laws of 1927, Chapter 164.

Sec. 1. BASIC SCIENCES DEFINED. No person shall be eligible for examination or permitted to take an examination for a license to practice the healing art or any branch thereof, or granted any such license, unless he has presented to the Department of Public Welfare a certificate of ability in anatomy, physiology, chemistry, bacteriology, pathology, and hygiene (hereinafter referred to as the basic sciences), issued by the State Board of Examiners in the Basic Sciences.

Sec. 2. For the purpose of this Act, any license authorizing the licentiate to offer or undertake to diagnose, treat, operate on, or prescribe for any human pain, injury, disease, deformity, or physical or mental condition is a license to practice the healing art.

Sec. 3. BOARD—APPOINTMENT—TERM. The Department of Public Welfare shall appoint a State Board of Examiners in the Basic Sciences (hereinafter referred to as the Board), consisting of five members, who shall be appointed one for one year, one for two years, one for three years, one for four years, and one for five years. Upon the expiration of the term of any member, the Department of Public Welfare shall fill the vacancy by appointment for a term of five years. Upon the death, resignation, or removal of any member, the Department of Public Welfare shall fill the vacancy by appointment for the unexpired portion of the term. Every member shall serve until his successor is appointed and qualified. The members of the Board shall be selected because of their knowledge of the basic sciences aforesaid. No member of the Board shall be one who is licensed to practice the healing arts or any branch thereof.

Sec. 4. ORGANIZATION OF BOARD—PER DIEM, EXPENSES. The Board shall meet and organize as soon as practicable after appointment. It shall have power to elect officers, to adopt a seal, and to make such rules as it deem expedient to carry this Act into effect. The fee for the issue of a certificate by authority of reciprocity, as provided herein, shall be Fifteen Dollars. All fees shall be paid to the Department of Public Welfare by the applicant at the time of filing application.

Sec. 6. EXAMINATIONS—WHERE HELD, RE-EXAMINATIONS. The Board shall conduct examinations at such times and places as it deems best. Every applicant, except as hereinafter provided. shall be examined to determine his knowledge, ability and skill in the basic sciences. The examination shall be conducted in writing, in such manner that the application shall be known by number only until such manuscripts are read and the proper grade determined. If the applicant receives a credit of seventy-five per cent or more in each of the basic sciences, he shall be considered as having passed the examination. If the applicant receives less than seventy-five per cent in one subject and receives seventy-five per cent or more in each of the remaining subjects, he shall be allowed a re-examination in such subject at the examination next ensuing, upon application and the payment of the prescribed fee. If the applicant shall receive less than seventy-five per cent in more than one subject, he shall not be re-examined within the period of one year next following his original examination nor unless he presents proof satisfactory to the Board of additional study in the basic sciences sufficient to justify re-examination, and he shall be required to be re-examined in all subjects.

Sec. 7. CERTIFICATES, REQUIREMENTS. No certificate shall be issued by the State Board of Examiners in the Basic Sciences unless the person applying for a certificate submits evidence satisfactory to the board that (1) he is not less than seventeen years of age; (2) he is a person of good moral character; (3) he was graduated by an accredited high school or school of similar grade, or possessed educational qualifications equivalent to those required for graduation by such an accredited high school; and (4) he has a comprehensive knowledge of the basic sciences as shown by passing the examination given by the Board, as by this act required.

Sec. 8. EXAMINATION, WHEN WAIVED. Sec. 9. APPEAL FROM BOARD'S DECISION. Any applicant who has been denied examination by the Board may, within thirty days after such denial, appeal to the District Court of Lancaster County; and such court shall upon such appeal inquire into the cause of such denial. If in the opinion of the court admission to examination was refused without just cause, the court may order the board to examine the applicant. Notice of an appeal from the denial of the board of the right to examination shall be served by leaving with the secretary of the department of public welfare an attested copy thereof within thirty days after said board has notified the applicant of its refusal to examine him. Hearings of such appeals shall proceed in accordance with such rules as the court may determine.

Sec. 10. CERTIFICATES—VOID—CANCELLATION. Any basic science certificate and any license to practice the healing art or any branch thereof which is issued contrary to this act shall be void. The department of public welfare shall revoke or cancel any license issued by virtue of a void basic science certificate. The procedure for such revocation or cancellation shall be in accordance with the provisions of the act under which such license was issued, for the cancellation or revocation of licenses generally. The certificate issued to any person by the State Board of Examiners in the Basic Sciences shall be automatically revoked by the revocation of any license issued to such person to practice the healing art or any branch thereof.

Sec. 11. SAME—PENALTY. Sec. 15. INVESTIGATION, DUTIES OF OFFICERS. The department of public welfare shall investigate any supposed violation of this act and report to the proper county attorney of the causes that in its judgment warrant prosecution. Every police officer, sheriff, and peace officer shall investigate all supposed violations of this act and apprehend and arrest all violators thereof. It shall be the duty of the attorney general and of the several county attorneys to prosecute violations of this act.

Sec. 16. CALLINGS EXEMPT. This act shall not be construed as applying to optometrists, dentists, nurses, or midwives, practicing within the limits of their respective callings; nor other persons licensed to practice the healing art of any branch thereof in this state when this act takes effect, nor to affect the practice of their religious tenets by members of any church provided they do not prescribe or administer drugs or medicine nor perform surgical or physical operations nor assume the title of or hold themselves out to be physicians or surgeons.

Sec. 17. LIMITATION OF PROVISIONS. No provision of this act shall be construed as repealing any statutory provisions now in force at the time of its passage with reference to the requirements governing the issuing of licenses to practice the healing art or any branch thereof, except as herein provided. The unconstitutionality of any part of this act shall not be construed as invalidating any other part thereof.

MEDICAL PRACTICE ACT OF NEVADA

Revised Laws of Nevada, 1912; As Amended, Acts of 1925, Chapter 51.

Section 2358. LICENSE: That it shall hereafter be unlawful for any person or persons to practice medicine, surgery or obstetrics in this state without first obtaining a license so to do as hereinafter provided.

Sec. 2359. BOARD OF EXAMINERS; APPOINTMENT; TERM: Within thirty days after this law goes into effect it shall be the duty of the governor of the state of Nevada to appoint a state board consisting of five members, which shall be known as the Board of Medical Examiners of the state of Nevada, and shall be reputable practicing physicians, duly licensed as such by some legally chartered medical institution in the United States, and who shall have been actually engaged in the practice of medicine in the state of Nevada, three of whom shall be selected from the school of medicine known as the regular, one from the school known as the eclectic, and one from the school known as the homeopathic. This board shall be selected without regard to their individual political beliefs, and they shall hold office for the time for which they were appointed, viz., two for four years, one for three years, one for two years, and one for one year, from the date of their appointment, and shall serve until their successors are appointed and qualified. Hereafter one member shall be appointed annually for the term of four years. In the event of a vacancy occurring in said board, or absence from the state for a period of six months without permission, the governor shall appoint a person duly qualified under this Act to fill the unexpired term.

Sec. 2360. OATH: Each member of said board shall, before entering on the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and a legally qualified practitioner of medicine in this state.

Sec. 2361. ORGANIZATION; MEETINGS: The said board shall meet in Carson City, Nevada, on the first Monday in May, 1905, and shall organize by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of the board. Said board shall hold its regular meetings on the first Monday of May and the first Monday of November of each year, at such time and place as shall be most convenient to said board, and due notice of all special meetings of the board shall be given by publication twice a week for each of the two weeks next preceding such meeting in three papers published in the state of Nevada. Special meetings of the board may be held at the call of the president, and the same notice thereof shall be given as in the case of regular meetings.

Sec. 2362. RULES: Said board may from time to time, adopt such rules as may be necessary to enable it to carry into effect the provisions of this Act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have the authority to take evidence as to any matter cognizable by it. Such board shall procure a seal, and shall receive through its secretary applications for the certificates provided to be issued under this act.

Sec. 2363. QUORUM; RECIPROCITY: A majority of said board shall constitute a quorum to transact all business. All certificates issued by said board shall bear its seal and the signatures of its president and secretary, and shall authorize the person to whom it is issued to practice medicine in all its branches in this state, on complying with the requirements of this Act. Said board may, in its discretion, accept and register, on payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia or of any state or territory of the United States; provided, however, that the legal requirements of such medical examining board shall have been at the time of issuing such certificate in no degree or particular less than those of Nevada at the time when such certificate shall be presented for registration to the board created by this Act; and provided, further, that the provisions in this paragraph contained shall be held to apply only to such of said medical examining boards as accept and register the certificates granted by this board without examination by them of the ones holding such certificates.

Sec. 2364. CERTIFICATE; AFFIDAVITS: After this law goes into effect any person desiring to practice medicine, surgery or obstetrics or any of the various branches of medicine in this state shall, before beginning to practice, procure from the State Board of Medical Examiners a certificate that such person is entitled to practice medicine, surgery or obstetrics in this state. In order to procure such certificate the applicant shall submit to the said board his or her diploma, issued by some legally chartered medical school, the requirements of which medical school shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, and he must accompany said diploma or license with an affidavit setting forth the number and duration of terms the applicant was required to be in attendance, and that he is the lawful possessor of the same, that he is the person therein named, and that the diploma or license was procured without fraud or misrepresentation of any kind. Such application shall be accompanied by the affidavit of two freeholders, resident of the same county in which the applicant resides, stating that the applicant is the identical person named in the accompanying diploma, and that he or she is of good moral standing and reputable. In addition to such affidavit said board may hear such further evidence as, in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected. Said board shall retain such diploma such time as is necessary, but in no case shall said board retain such diploma to exceed two weeks. All such diplomas and affidavits shall be addressed to the secretary of the board.

Sec. 2365. APPLICATIONS FOR LICENSES: Applicants for certificates to practice medicine, surgery or obstetrics in the state of Nevada shall be required to present a diploma from a legally recognized college, and to pass a satisfactory examination before the State Board of Medical Examiners as to his or her qualifications. The applicant must appear personally before the board, and the examination shall be conducted in the English language and shall be, in whole or in part in writing, and in each branch shall obtain 75 per cent., and shall be on the following subjects, to wit: Anatomy, physiology, materia medica and therapeutics, chemistry, bacteriology, pathology, toxicology, obstetrics, surgery, general medicine, diseases of the skin, eye, ear, nose, throat, brain, genito-urinary system. Said examination shall be fair and impartial and the questions of such character as will determine the fitness of the applicant to practice his or her profession. When applicant applies for examination in materia medica and therapeutics and theory and practice of medicine, he shall designate in which school of medicine he desires to practice, and only the member or members of the board who belong to the school so designated shall participate in this part of the examination.

Examinations shall be practical in character, and designed to discover the applicant's fitness to practice medicine and surgery. If an applicant fail in his first examination, he may, after not less than six months, be reexamined, without additional fee. If he fail in a second examination, he shall not thereafter be entitled to another examination in less than one year after the date of second examination, and shall be required to pay for such examination the full fee. The examination papers shall form a part of the records of said board and shall be kept on file by the secretary and said records shall be open to public inspection whenever requested after the examination; provided that any person who is a regular graduate from a regularly chartered college of the practice of the system of what is generally known and recognized as the drugless system, may present themselves for examination under the regulations hereinbefore specified, and shall be required to pass an examination in all the subjects noted, with the exception of materia medica and therapeutics, and upon the passing satisfactorily of said examination by the board, shall have issued to them a license to practice the said system of drugless medicine in this state, under the same rules and regulations prescribed and required of the practitioners of other systems of medicine.

Each applicant, on making application, shall pay to the secretary of the board a fee of twenty-five dollars ($25) at the same time the diploma and affidavit is filed with him, and this fee shall not be returned in the event of the applicant's failing to pass a satisfactory examination. Any person who may hereafter be granted a license to practice medicine and surgery in this state under this Act, upon the grounds of reciprocity with other states and without examination, shall pay a fee of twenty-five dollars ($25) for such license.

Sec. 2366. APPEAL: Any unsuccessful applicant shall have the right to appeal to the courts, requiring the said board to show cause why such applicant should not be permitted to practice medicine, surgery or obstretics in the state of Nevada.

Sec. 2367. RECORD OF CERTIFICATE: Said Board shall procure a book for the purpose of recording the names of all persons to whom it issued certificates. In this book shall be entered the names of the applicants, together with the name of the school granting the diploma, the date of the diploma, the number of terms the applicant attended school, residence of applicant, and the date of issuance of certificate. This book shall be retained by the secretary, who shall note the unsuccessful applicants, furnishing the same information as is given above. The secretary shall furnish each county clerk in this state a complete list of persons to whom certificates have been issued, after each meeting of the board. Such list shall be retained and filed by the county clerk, and it shall show the name, age and location of the holder of each certificate, together with the name of the institution conferring the degree and the date of the issuance of certificate.

Sec. 2368. EXPENSES OF BOARD: The members of the board shall serve without compensation, except that their actual expenses incurred while attending a regular or special meeting of the board shall be refunded; provided, that the secretary shall receive a semiannual salary of one hundred fifty dollars ($150) for his services. All moneys received by the board shall be paid out on its order for its expenses and the traveling expenses of the members, and if the moneys received are not sufficient to meet such expenses then the board shall certify to the Board of Examiners, with accompanying vouchers, over its seal and the signatures of its president and secretary, the amount actually necessary to meet the remainder of its expenses, and on the approval of said claim by the Board of Examiners the state controller shall draw his warrant upon any moneys in the general fund not otherwise appropriated and the state treasurer shall pay the same.

Sec. 2369. RECORDING OF CERTIFICATE; REFUSAL; REVOCATION: Every person to whom the board shall issue a certificate shall present the same to the county recorder of the county in which he desires to practice and have the same recorded, and shall pay the fee usually paid for recording such papers. The board may refuse a certificate to any applicant guilty of unprofessional conduct, and may revoke any certificate for a like cause, in all cases of refusal or revocation the party aggrieved may appeal to the courts. The words "unprofessional conduct," as used in this Act, are hereby declared to mean:

Hospital Treatment for Alcohol and Drug Addiction

FOR nearly thirty years the Charles B. Towns Hospital has specialized in treatment of alcoholic and drug addictions. This technic has been described in all its details through the medical press, and involves no secret medication.

The Charles B. Towns Hospital is essentially an "open institution." Physicians are not only invited but urged to accompany their patients to the hospital and be present during the entire course of medical treatment. Full bedside histories are kept enabling the patient's physician to follow every detail of the work.

A highly developed department of physical therapeutics is an essential part of the hospital facilities. It includes practically every form of approved physical therapy apparatus, and a completely equipped gymnasium. The location of the hospital, directly across the street from Central Park, is particularly convenient for outdoor recreations.

Any physician who has to deal with alcohol, or drug addiction in any form—including all the various groups of hypnotics—is invited to write for the booklet "Hospital Treatment for Alcohol and Drug Addiction."

Public Laws of New Hampshire, 1926,
Title XXI, Chapter 204.

Section 1. PRACTICE: Any person shall be regarded as practicing medicine under the meaning of this chapter who shall operate on, prescribe for or otherwise treat any human ailment, physical or mental.

Sec. 2. BOARD; DUTIES: There shall be a board of five examiners, whose duty it shall be to examine, register, and license applicants whom they find to be twenty-one years of age or over, of good moral character and qualified as herein provided to practice medicine.

Sec. 3. ELIGIBILITY: The members shall be residents of the state, regularly licensed to practice medicine and shall have been actively engaged in the practice of their profession within the state for at least five years.

Sec. 4. APPOINTMENT; TERM; REMOVAL: One member of said board shall be appointed annually by the governor, with the advice and consent of the council. Their term of office shall be five years, and until their successors are appointed and qualified. Appointments to fill vacancies shall be for the unexpired term. The governor and council may remove any member of the board for sufficient cause.

Sec. 5. MEETINGS; OFFICERS: They shall meet annually and as much oftener as the business requires. At each annual meeting a president and secretary shall be chosen from the membership of the board, whose duties respectively shall be those usually pertaining to such offices.

Sec. 6. RECORDS: A true record of all their official acts shall be made and preserved by the secretary. The records shall be public and shall be open to inspection at all reasonable times.

Sec. 7. COMPENSATION: Members shall be reimbursed for expenses incurred in connection with the work of the board; and the secretary shall receive for his services such compensation as the board shall determine.

Sec. 8. EXAMINATIONS: Examinations shall be held in Concord at least twice a year under the supervision of the secretary, and shall be given in the English language; but shall otherwise be conducted according to such rules as the board shall prescribe.

Sec. 9. SUBJECTS: For each examination the board shall seasonably prepare suitable questions for thoroughly testing the knowledge of the applicants in the following subjects: Anatomy, physiology, hygiene and preventive medicine, practice of surgery, and clinical medicine, obstetrics and gynecology, pathology and bacteriology, chemistry and toxicology.

Sec. 10. APPLICANTS: The board shall admit to examination any applicant who pays a fee of twenty dollars ($20.00) and submits satisfactory evidence in writing, verified by oath if required, that he is more than twenty-one years of age, of good moral character, has completed satisfactorily two years' work in college, or has a preliminary education considered and accepted by the board as fully equivalent, has studied the treatment of human ailments not less than four school years of not less than nine months each, in a medical school maintaining at that time a standard satisfactory to the board, and has graduated from such school. The provisions of this section may be suspended in whole or in part by order of the board on account of war or other threatened or existing national calamity.

Sec. 11. SECOND EXAMINATION: Applicants who fail to pass at their first examination may take one subsequent examination without additional fee.

Sec. 12. LICENSES: The board shall decide as to the qualifications of the several applicants as soon as possible after the examinations, and shall issue to each successful candidate a license signed by the president and secretary of the board, setting forth the fact that the licensee is authorized to engage in the practice of medicine. The licenses shall be numbered and recorded in a book provided for the purpose.

Sec. 13. LICENSE WITHOUT EXAMINATION: The board may register and license any applicant therefor who is legally qualified to treat human ailments or practice medicine in any state or country whose requirements the board deems equal to those in this state, upon a payment of a fee of twenty dollars ($20.00).

Sec. 14. REVOCATION: The board may revoke the license of any licensee who has obtained it by fraudulent means, or who has been convicted of a crime punishable by imprisonment in the state prison, or whose moral character or personal habits are such as to unfit him for the practice of medicine.

Sec. 15. NOTICE: They shall give the licensee reasonable notice of a proceeding to revoke his license, the cause alleged against him and the time and place of the hearing thereon.

Sec. 16. ACCOUNTS: The board shall keep a full and true record of all fees received and all sums actually paid for expenses, and at the end of each year shall account to the governor and council.

Sec. 17. REPORT: The board shall make a report to the governor and council thirty days before each session of the legislature, giving the names of all persons registered, who are living, specifying which ones have been registered and licensed since the next preceding report and giving the names of licensees whose licenses have been revoked since the last report. They shall also report in detail as to the money received and paid out by the board during the preceding two years.

Sec. 18. PERSONS EXCEPTED: This chapter shall not apply to anyone while actually serving on the resident medical staff of any legally incorporated hospital; nor to any legally qualified physicians in other states or countries meeting regularly registered physicians in this state in consultation, nor to any physician residing on the border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this state and who does not open an office or appoint a place to meet patients or to receive calls within this state, nor to regular or family physicians or persons not residents of this state, when called to attend them during a temporary stay in this state, provided that such family physicians are legally registered in some state, nor to chiropody, simple treatments such as massage or baths, nurses in their legitimate occupations, cases of emergency, the administration of ordinary household remedies, the advertising or sale of patent medicines or those who endeavor to prevent or cure disease or suffering by spiritual means or prayer.

Sec. 19. SIMILAR RIGHTS: Nothing in this chapter shall abridge the rights of any class of persons to whom authority is given by any other statute to perform any acts which might be deemed the practice of medicine.

Sec. 20. PRIOR REGISTRATION: Nothing in this chapter shall affect the legal standing of practitioners of medicine or surgery who were duly registered and licensed under the laws of this state on April 21st, 1915.

Sec. 21. PENALTY: Whoever, not being registered, and licensed according to the law of this state, shall advertise himself as practicing medicine, or shall practice medicine, according to the meaning of this chapter, or in any way hold himself out as qualified so to do, or whoever does any of said acts after receiving notice that his license has been revoked, shall be fined not more than one hundred dollars ($100.00), or imprisoned not more than three months, for the first offense; and for any subsequent offense he shall be fined not more than two hundred and fifty dollars ($250.00) or imprisoned not more than six months, or both.

*Note: Sections 19 to 25 inclusive formed a part of an early Medical Practice Act of New Jersey. It was not clear if these sections were by implication repealed by subsequent legislation and the question was presented to the Attorney General of New Jersey for determination. His opinion follows: "The act of 1894 (3 C.S.3329) with its amendments and supplements is the act enforced by the state board. It does not expressly repeal the act of 1880. Generally the provisions of the act of 1880 are not enforced. Whether the act of 1880 was impliedly repealed by the act of 1894 has never been passed upon by our courts and still appears in the Compiled Statutes of our State." In view of this uncertainty, it was thought advisable that the sections be included.

C. Every applicant for admission to examination for a license to practice medicine or surgery shall, in addition to the above requirements, prove to said board that he has received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college of the United States, which college, in the opinion of said board, was in good standing at the time of the issuance of said diploma, or a diploma or license conferring the full right to practice all of the branches of medicine and surgery in some foreign country, and further prove that prior to the receipt of such diploma from any such medical college of the United States, or such diploma or license conferring the right to practice medicine and surgery, as aforesaid, he had studied medicine not less than four full school years, including four satisfactory courses of lectures of at least seven months each, in four different calendar years in some legally incorporated and registered American or foreign medical college or colleges in good standing in the opinion of said board; such applicant, if he has graduated after July 1, 1916, shall, in addition to the above requirements, further prove to said board that after receiving such degree, diploma or license, he has served as an intern for at least one year in a hospital approved by said board; provided, however, that candidates for license to practice medicine and surgery who were graduated from an approved medical college prior to July 4, 1903, and have been in continuous and reputable practice of medicine for at least five years since graduation may be admitted to the examination of said board upon submission of satisfactory evidence of good moral character, and of the fact that he or she is a citizen of the United States or has declared his or her intention of becoming such a citizen, and of the fact that such applicant has completed three courses of medical lectures in an approved medical college in different calendar years, and has obtained a competent academic education according to the standard at that time as determined by the commissioner of education of this state; provided, however, that the records of the board and such license shall state that such license was issued to any such applicant under the first exemption contained in this section.

D. Candidates for license to practice medicine or surgery who were graduated from an approved medical college prior to July 4, 1894, and have been in continuous and reputable practice of medicine since graduation may be admitted to such examination of this board upon the submission of satisfactory evidence of good moral character, and of the fact that he or she is a citizen of the United States or has declared his or her intention of becoming such citizen, and of two courses of medical lectures in an approved medical college in different calendar years, and of the fact that such applicant has obtained a competent academic education according to the standard at that time as determined in the case of nongraduates of academic institutions by the commissioner of education of this state, it being further provided, however, that the records of such board and such license shall state that any such applicant was licensed under the second exemption contained in this section.

E. Upon the approval of the application for examination, such applicant shall deposit with the treasurer of said board the sum of twenty-five dollars ($25) as an examination fee, and shall thereupon be entitled to admission to such examination. In case said applicant fails to pass the examination, he may be re-examined at the next regular examination held by said board without the payment of an additional fee. Each applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary of said board and shall mark his or her examination paper with said number, and shall be known to the members of said board only by such number until his or her papers have been examined and marked. Any applicant for license to practice medicine or surgery, upon proving to the satisfaction of said board that he is of good moral character, and that he is a citizen of the United States or has declared his intention of becoming such a citizen, and that he has been examined and licensed by the examining and licensing board of another state of the United States, or by the National Board of Medical Examiners, and that at the time of the granting of such license the standard of requirements for license to practice medicine and surgery in the state where such license was granted, or for permission to take the examination of the National Board of Medical Examiners, was at least substantially equal to the standard of requirements for such license in force in this state at the said time, and upon filing with the secretary of said board a copy of his license or certificate, verified as a true copy by the affidavit of the secretary of the board granting such license, may, in the discretion of the said Board of Medical Examiners of this state, be granted a license to practice medicine and surgery without further examination upon payment to the treasurer of said board of a license fee of one hundred dollars ($100). In any such application for a license without examination, all questions of academic requirements of other states shall be determined by the commissioner of education of this state.

Applicants examined and licensed in accordance with the provisions of this Act who, when admitted to the licensing examination, were citizens of a foreign country, and who had declared intention of becoming citizens of the United States, shall, upon passing the examination, be issued a license valid for six years from the date of such declaration of intention and upon failure of such licensee to furnish evidence of his having actually become a citizen his license shall become invalid and automatically become revoked and his registration shall be annulled.

Sec. 127-32. **EXAMINATIONS**: That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice; if the applicant intends to practice homeopathy or eclecticism, the member or the members of said board of those schools respectively shall examine said applicant in the materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics; obstetrics and gynecology; practice of medicine, including diseases of the skin, nose and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs; anatomy, physiology, chemistry, histology, pathology, bacteriology, hygiene, medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory the board shall issue a license, entitling the applicant to practice medicine and surgery in this state; the votes of all examiners shall be by yes or no, and written with their signatures upon the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the state library, in the capitol building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board, and shall be attested by the seal thereof.

Sec. 127-33. **REFUSAL; REVOCATION**: The board may refuse to grant or may revoke a license for the following causes: Chronic and persistent inebriety, the practice of criminal abortion, conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic or incurable diseases; or where any person shall present or shall have presented to this board any diploma, license or certificate that shall have been illegally obtained, or shall have been signed or issued unlawfully or under fraudulent representations, or where a license to practice in this state has been obtained or shall have been obtained through fraud of any kind. Before any license shall be revoked the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney, and any person, after such refusal or revocation of license, who shall attempt or continue the practice of medicine, shall be subject to the penalties hereinafter prescribed.

Sec. 127-34. **LICENSES FILED; FEES; ANNUAL LIST**: The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said license or certified copy thereof and enter a memorandum thereof, giving the date of said license, with the name and address of the person to whom the same is issued, and the date of said filing, in a book to be approved by this board and to be kept for that purpose, and for which registry the said county clerk shall be entitled to demand and receive from each person registered the sum of one dollar ($1); in case the person so licensed shall move into another county of this state, he or she shall procure from the said clerk a certified copy of such registration and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar ($1); upon each registry or reregistry, the person registering shall make an affidavit that he is the person described in the license or registration copy; and each county clerk in the counties of this state shall, upon the last day of November of each year, furnish to the secretary of said board a list of all licenses, certified copies of licenses and registration of licenses of this board filed in his office during the previous year, together with any changes or issuances of certificates for the purpose of change to any county to which the licentiate intended to remove, and upon notice to him of the change of location or death of a licentiate, or of the revocation of a license, said county clerk shall enter at the appropriate place in the records so kept by him a memorandum of said fact, and said memorandum shall be furnished by said county clerk to the secretary of this board in the annual report above required.

Sec. 127-35. **PRACTICE OF MEDICINE DEFINED**: Any person shall be regarded as practicing medicine or surgery within the meaning of this Act who shall use the words or letters "Dr.," "Doctor," "Professor," "M.D.," or "M.B." in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who in connection with such title or titles or without the use of such titles, or any of them, holds himself or herself out as being able to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition, or who shall either offer or undertake by any means or methods to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition; and it is further provided, that the provisions of this Act shall apply to all persons professing and attempting to cure diseases by means of the so-called systems of "faith-curism." "mind-healing," "laying-on-of-hands" and other similar systems.

Sec. 127-36. **TO WHOM NOT APPLIED**: The prohibitory provisions contained in this Act as amended shall not apply to the commissioned surgeons of the United States Army, Navy or Marine Hospital Service while so commissioned or to lawfully qualified physicians or surgeons residing in other states or foreign countries meeting registered physicians and surgeons of this state in consultation or to any legally qualified physician or surgeon of another state taking charge of the practice of a legally qualified physician or surgeon of this state temporarily during the latter's absence therefrom and upon written request to said board therefor, or to any physician or surgeon of another state or foreign country, and duly authorized under the laws thereof to practice medicine and surgery therein; provided, that such practitioner shall not open an office or a place for the practice of his profession within the borders of this state; or to anyone while actually serving as a member of the resident medical staff of any legally incorporated charitable or municipal hospital or asylum; or to the practice of osteopathy as defined in an act entitled "An Act to regulate the practice of osteopathy in the state of New Jersey, and to license osteopathic physicians to practice in this state and punish persons violating the provisions thereof," approved April 2, 1913, or any act supplementary thereto or amendatory thereof, by any person duly licensed to practice osteopathy in accordance with the provisions of the act last mentioned, and any act supplementary thereto or amendatory thereof, or to the practice of dentistry by any legally qualified and registered dentist, or to the ministration to, or treatment of, the sick or suffering by prayer or spiritual means, whether gratuitously or for compensation, and without the use of any drug or material remedy, or to the practice of optometry by any person holding a valid certificate of registration under an act entitled "An Act to regulate the practice of optometry, to license optometrists and to punish persons violating the provisions thereof." approved April 17, 1914, or any act supplementary thereto or amendatory thereof, or to the practice of chiropody by any legally licensed chiropodist, or to any person claiming the right to practice medicine and surgery in this state who has been practicing therein since before the fourth day of July, 1890; provided, said right or title was obtained upon a duly registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued, or to the giving of treatment by electricity by any person resident of this state who has been continuously engaged in giving treatment by electricity herein during the past fourteen years; provided, that said person has graduated from a legally incorporated electro-therapeutic school in good standing, or to the practice of pharmacy by any legally licensed and registered pharmacist of this state, but this exception shall not be extended so as to give said licensed pharmacist the right and authority to carry on the business of a dispensary, unless said dispensary shall be in charge of a legally licensed and registered physician and surgeon of this state; or to the practice of veterinary medicine, surgery or dentistry in any of its branches by any legally licensed and registered veterinary physician, surgeon or dentist of this state, or to any professional nurse, masseur or electrician, while operating in each particular case under the specific direction of a regularly licensed physician or surgeon; or to any person or persons while giving aid, assistance or relief in emergency or accident cases pending the arrival of a regularly licensed physician and surgeon.

Sec. 127-37. VIOLATION; PENALTIES: Any person hereafter commencing or continuing the practice of medicine and surgery in any of its branches in this state without first having obtained and filed the license herein provided for or contrary to any of the provisions of this Act, and any person who shall practice medicine or surgery under a false or assumed name, or who shall falsely impersonate another practitioner of a like or different name, or who shall buy, sell or fraudulently obtain any diploma as a doctor of medicine, or any medical license, record or registration, or any person, company or association who shall employ for a stated salary or otherwise, or give aid or assist any person not regularly licensed to practice medicine or surgery in this state, or who shall violate any of the provisions of this Act, shall be liable to a penalty of two hundred dollars ($200), which penalty shall be sued for and recovered by and in the name of the State Board of Medical Examiners of New Jersey. In case any such proceeding is brought in any court of Common Pleas, the trial thereof shall proceed in a summary manner without a jury as above set forth, immediately upon the arrest under warrant of the defendant, or on the return day of the summons, or on any day to which the judge of said court shall continue the said trial, either during the term of said court or in vacation.

The other member shall be an osteopathic physician as herein provided.

Sec. 127-38c. The Detective Stories of Medicine

FOUND IN

The PROPAGANDA for REFORM

in Proprietary Medicines

prove that fact is often stranger and more interesting than fiction. The fairy stories that quack doctors circulate, the nursery tales that those who are duped by false systems of healing take as seriously as religion, the fables of how the mighty and popular finally fall when the searchlight of truth in medical science is turned on them—this is part of the entertaining reading found in "The Propaganda for Reform in Proprietary Medicines."

But aside from being interesting these volumes contain a wealth of scientific information that is surprising to doctors. Among the timely topics treated are the wonderful claims made for gland transplantation and the striking alcoholic content of some reputable drugs.

MEDICAL PRACTICE ACT OF NEW MEXICO

Laws of New Mexico, 1923, Chapter 44.

Section 1. BOARD OF MEDICAL EXAMINERS; MEMBERS: The New Mexico Board of Medical Examiners shall be composed of five reputable physicians of known ability, who are graduates of medical colleges in good standing, as defined in this act, and have been registered practitioners in, and bona fide residents of the State of New Mexico for a period of five years next preceding the date of their appointment. The governor of New Mexico shall appoint the members of said board as other state boards are appointed, and shall fill any vacancies occurring in said board, and may remove any member of said board who fails to perform his duties as defined in this act. Two of the members of said board first appointed shall hold their offices for a period of two years, and the remaining three members of said board shall hold their offices for a period of four years and thereafter the members of said board upon expiration of the terms aforesaid, shall hold their offices for a period of four years and until their successors are appointed and qualified. All members of the said board shall qualify as required by the Board of Regents of the University of New Mexico.

Sec. 2. ORGANIZATION; MEETINGS: On the second Monday in April after their appointment the members of said board shall meet in the Capitol Building in the City of Santa Fe, New Mexico, and organize by electing one of their number as president, one as vice-president, one as secretary and treasurer, and thereafter regular meetings of said board shall be held in the said Capitol Building on the second Mondays of April and October in each year, and there shall be not less than a two days' session at each meeting. Special meetings may be held at any time upon call of the president by written notice to all of the members of the board, in which notice the object of the meeting shall be fully stated. A majority of the members shall constitute a quorum for the transaction of business, but a less number may meet and adjourn to some fixed date.

Sec. 3. REQUIREMENTS FOR EXAMINATION: The said board shall, upon the production of evidence satisfactory to it, admit to examination for license any reputable person who is a graduate of a medical college in good standing, as defined in this act. A medical college in good standing for the purpose of this act, is defined to be one which has a standard as high as that required by the Association of American Medical Colleges. The board shall not recognize any college which misrepresents its records, its teaching, its clinical facilities, or as to its students or graduates. No college of any foreign country shall be recognized, except to the same extent as such foreign country recognizes American colleges, and when said foreign college is of good standing under the laws of New Mexico. No permanent licenses shall be granted except by the board at a regular meeting. Such board may recognize any honorary or emeritus degree conferred upon any foreigners by any such college as fully and to the same extent as if the applicant were a regular graduate thereof.

Sec. 4. SUBJECTS REQUIRED; ENDORSEMENT: That all applicants for licenses of the classes referred to in the preceding section, shall be examined in the English language on the following, and such other subjects as the board may from time to time prescribe: Anatomy and histology, 10 questions; chemistry, 5 questions; etiology and hygiene, 5 questions; physiology, 5 questions; materia medica, 10 questions; therapeutics, 10 questions; pathology and bacteriology, 10 questions; surgery, 10 questions; diagnosis, 10 questions; obstetrics, 10 questions; gynecology, 5 questions; practice of medicine, 10 questions. An average of 75 per cent. must be obtained at such examination by each applicant, and not less than 60 per cent. must be obtained on each subject; the board shall allow an applicant credit marks at 5 per cent., for 5 years of active practice: Provided, that such board may grant licenses without examination and by endorsement to those applicants who have been regular licensed physicians, in other states and territories, having qualifications and requirements equivalent to those required in New Mexico when properly endorsed by the officers of such examining board as may have jurisdiction in the state or territory in which the applicant was examined, and upon a blank furnished by the Board of Medical Examiners of the State of New Mexico, known as the "application for license through endorsement" blank, provided that said applicant shall have been in active practice for at least one year in the state through which he seeks endorsement and shall not have failed in examination by this board. Whenever an eligible applicant shall have filed his application and complied with all other requirements of this act in the interim between regular board meetings the secretary shall be and is hereby empowered to issue a temporary license to hold good until the next regular meeting of the board. The president and secretary of said board are empowered by this act to administer oaths to applicants and all witnesses and others appearing before said board in any application or proceeding provided for in this act. And any person making a false oath or affidavit before such president or secretary in any such proceeding shall be deemed guilty of perjury and be subject to the punishment provided for that crime. Whenever an applicant for license shall have been examined as hereinbefore provided, and shall have failed to reach the required percentage in not more than two of any of the subjects hereinbefore designated, the board may in its discretion allow such applicant another examination, without further fee on the subjects in which he shall have so failed at its next regular meeting, and may in its discretion issue him a temporary license authorizing him to practice medicine in the State of New Mexico until such next meeting and until his second examination shall have been passed upon and decided by such board.

Sec. 5. CERTIFICATES MUST BE RECORDED: Every person holding a certificate of said Board of Medical Examiners shall have the same recorded in a book provided for that purpose in the office of the county clerk of the county wherein the practitioner resides, within thirty days after said certificate is issued, and the date of the recording shall be endorsed on said certificate; said certificate, or a copy of the registration must be again recorded in any county to which the practitioner may remove permanently. The fact that no such certificate shall be found recorded in the county where any person practicing or offering to practice medicine resides shall be accepted by the court as prima facie evidence that no such certificate has been issued, and shall throw the burden of proving that he has a certificate upon the defendant in any suit or prosecution begun against him for the violations of the provisions of this act.

Sec. 6. REFUSAL OF LICENSE; REVOCATION: Said board shall refuse to license any person guilty of immoral, dishonorable or unprofessional conduct, and said board shall also revoke and annul any license which has been issued by said board, or any previous board, upon satisfactory proof being made to said board that the holder of said certificate or diploma has been guilty of immoral, dishonorable, or unprofessional conduct. Twenty days' notice shall be given in writing to the person accused of improper conduct, named to appear before the board and show cause why his license should not be revoked or cancelled. When any such license has been revoked or cancelled by said board, the said board shall send notice in writing under the hand of the secretary, which notice shall be filed for record and recorded in the book in which the physicians' licenses are recorded in the office of the county clerk of the county in which the person whose license has been revoked, resides. Any person whose certificate has been revoked or cancelled by said board, under the provisions of this act, who shall thereafter practice or attempt or offer to practice medicine in New Mexico shall be deemed guilty of a misdeameanor and shall be punished as provided in section 9.

Sec. 7. PRACTICE DEFINED: For the purpose of this act, the words "practice of medicine" shall mean to open an office for such purpose or to announce to the public or any individual in any way, a desire or willingness or readiness to treat the sick or afflicted, or to investigate or to diagnose, or offer to investigate or diagnose any physical or mental ailment or disease of any person, or to suggest, recommend, prescribe, or direct, for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity, after having received, or, with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation. Provided, that nothing in this act shall be construed to prohibit gratuitous services in cases of emergency or the domestic administration of family remedies or women from practicing midwifery, and this act shall not apply to surgeons of the United States in the discharge of their official duties, and: Provided, further, that nothing in this act shall be construed so as to interfere with the practice of osteopathy, optometry, chiropratic, or dentistry, as provided for by law, nor affect or limit in any way the practice of the religious tenets of any church in the ministration to the sick or suffering by mental or spiritual means: Provided, that this act shall not be construed to exempt any person from the operation or enforcement of the sanitary and quarantine laws of the State.

Sec. 8. FEES: Each applicant for a license to practice medicine in New Mexico shall pay the secretary of said board a fee of fifty dollars ($50) at the time of making his application.

Sec. 9. UNLICENSED PRACTITIONERS: Any person who shall practice medicine, or who shall attempt to practice, without first complying with the provisions of this act, and without being the holder of a license entitling him to practice medicine in New Mexico, shall be, upon conviction, punished by a fine not to exceed one hundred dollars ($100) or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Sec. 10. COMPENSATION OF BOARD: The treasurer of said board shall give a bond to the board in the sum of one thousand dollars ($1,000) conditioned for the faithful performance of his duties as treasurer, and that he shall pay over any and all sums of money received by him as such upon the proper order therefor. Such bond shall be given by some fidelity or surety company authorized to do business in this state, and the premiums therefor shall be paid by the board as one of its necessary expenses. The members of said board shall receive a per diem of ten dollars for each and every day consumed in attendance upon said board meetings and in addition all expenses necessarily incurred in attending the session of said board, and all necessary supplies for the use of said board shall be paid out of the funds of said board upon the order of the president, countersigned by the secretary of the said board. The treasurer of the board shall keep a correct and itemized account of all moneys received and disbursed, and shall make a report to the board at each meeting. The secretary of the board shall report the doings and proceedings of said board, together with the amount of all moneys by it received and disbursed and on what account, with items, on the first day of December in each year, to the governor of New Mexico.

Sec. 11. RULES AND REGULATIONS: Said board is authorized and empowered to make all necessary rules and regulations for carrying out the provisions of this act.

Sec. 12. LIMITATIONS OF ACT: It is not meant or intended by the provisions of this Act in any wise to interfere with or infringe upon the powers and duties of the State Department of Public Welfare.
